EDWIN PATTISON General Manager

Regular Meeting of the Board of Directors In Person Meeting Wednesday, April 19, 2023 10:00 AM

CALL TO ORDER – ROLL CALL 10:01 a.m.
ADOPTION OF THE AGENDA
(M/S/C Petrovich/Pereira), Alvarez, M. Maggiore, Sandhu, T. Maggiore, Pereira, Petrovich and Tuso; Absent: 0)

PUBLIC COMMENT (Please observe a three-minute time limit)

This section of the agenda is provided so that the public may express comments on any item within the District's jurisdiction not listed on the agenda. Board members may refer a matter to staff, or follow Board procedures to direct staff to place a matter of business on a future agenda. The public may express comments on agenda items at the time of Board consideration.

#### CONSENT CALENDAR

- 1. Approve meeting minute summary of March 28, 2023.
- 2. Accept Treasurer's Reports and Reconciliations for the month of March 2023.
- Approve Check Registers for the month of March 2023.

Director Tuso requested committee meeting minutes and a report to the Board of Directors following a committee meeting. Based on agreement by the Board of Directors, General Manager Ed Pattison will place a standing agenda item for committee reports on the agenda.

4. Approve Amendment to Grant of Easement and Easement Agreement Between GKG Mountain House Apartments, LLC, and Byron Bethany Irrigation District.

General Manager, Ed Pattison summarized to the Board of Directors the Grant of Easement amendment for Grupe Development located on the west side of Mountain House Parkway, adjacent to Highway 205 in Mountain House, CA. The easement amendment with Grupe identifies the rights and responsibilities for the landowner to protect and provide access to the BBID pipeline that runs along the east side of Grupe's property that conveys water from the Delta Mendota Canal to irrigate properties east of Mountain House Parkway. Grupe Development will be building a multifamily apartment complex on their land on the south side of Mountain House that will be visible from the Mountain House overpass and I-205.

Approve Amendment to Grant of Easement (M/S/C Alvarez/Pereira), Alvarez, M. Maggiore, Sandhu, T. Maggiore, Pereira, Petrovich and Tuso; Absent: 0)

Director Petrovich made a motion to add the Pledge of Allegiance to the agenda.

Adopt Consent Calendar

(M/S/C Alvarez/Sandhu), Alvarez, M. Maggiore, Sandhu, T. Maggiore, Pereira, Petrovich and Tuso; Absent: 0)

#### DISCUSSION/ACTION CALENDAR

- 5. Adopt Revised 2023 Water Rates and Operation & Maintenance Charges.
- 6. Adopt 2023 Wholesale Municipal & Industrial Water Rates for:
  - a. Raw Water Service Area 1; and
  - b. Raw Water Service Area 2.

General Manager, Ed Pattison summarized the revised water rates for operation and maintenance, as well as the difference between the Municipal and Industrial Rate and Musco's rate. GM Pattison explained how the Central Valley Project Service Area has a formulated rate that includes United States Bureau of Reclamation & San Luis Delta Mendota Water Authority fees and a Cost of Service fee.

Additionally, GM Pattison summarized the revised water rates for the two service areas, Mountain House Community Services District (MHCSD) and City of Tracy (Tracy Hills). GM Pattison explained to the Board of Directors the basis for the Cost of Service rate increase for both Mountain House and Tracy Hills. Based on the current year two of a five-year rate plan for Mountain House, GM Pattison recommended incrementing the rate increase over the next three years to assist Mountain House and avoid another Proposition 218 rate increase to its customers and to synchronize efforts moving forward. GM Pattison discussed property tax revenues derived from Mountain House and that BBID does not derive property taxes from Tracy Hills. GM Pattison also shared with the Board that BBID staff met with both Mountain House and the City of Tracy to review the proposed rate increase and that both entities were supportive of the recommendation.

Adopt Rates for Operation & Maintenance & Municipal & Industrial (M/S/C Alvarez/Pereira), Alvarez, M. Maggiore, Sandhu, T. Maggiore, Pereira, Petrovich and Tuso; Absent: 0)

#### CLOSED SESSION 10:46 a.m.

Report from Closed Session, if any, as required by Government Code Section 54957.1.

#### OPEN SESSION 11:05 a.m.

#### REPORTS / DIRECTOR COMMENTS

General Manager, Ed Pattison discussed Risk Management and BBID's insurance provider, Association of California Water Agenciess Joint Powers Authority (ACWA JPIA). ACWA JPIA staff conducted a risk management audit of BBID facilities, and overall, BBID did well. A number of concerns were identified that BBID staff will work to correct. One of the chief concerns expressed by ACWA JPIA was the Wicklund Cut Pump Station, support buildings, and residences. Staff will conduct a more detailed inspection of the facilities and work on a proposed plan to correct.

It is recommended that the Board of Directors authorize the General Manager to execute the Power Letter of Agreement with the United States Bureau of Reclamation for energy services related to Non-Project water deliveries.

#### **DISCUSSION**

The Byron-Bethany Irrigation District (BBID) holds two WIIN Act contracts with the United States Bureau of Reclamation (USBR) for CVP water (Central Valley Project) totaling 20,100 acre-feet for Byron-Bethany and 2,500 acre-feet for the West Side, for a total WIIN Act CVP water of 22,600 acre-feet. Each year, the USBR issues an allocation based on the that year's hydrology, which can change over the course of the winter as new information is developed. For 2023, the current CVP agricultural allocation is one-hundred percent (100%), up from two previous allocations that began at thirty-five percent (35%) earlier this year.

BBID also holds four Warren Act (Non-CVP water) contracts with the USBR. The

Warren Act contracts allows BBID to pump pre-1914 water and groundwater into the federal Delta Mendota Canal (DMC) for beneficial use in BBID's CVP agricultural service area and to other users downstream, as well as storing water in San Luis Reservoir. This Power Letter of Agreement is required by USBR to fund the pumping energy costs associated with moving non-project water (Warren Act water) through federal facilities.

#### **FISCAL IMPACT**

Approval of this Power Letter of Agreement will authorize BBID staff to pay USBR invoices under this Power Letter of Agreement associated with moving non-project water through federal facilities.

Power Letter of Agreement between the United States Bureau of Reclamation and the Byron Bethany Irrigation District

SCC-447 2.2.4.22

Board of Directors Byron-Bethany Irrigation District 7995 Bruns Road Byron, CA 94514 e.pattison@bbid.org Power Letter of Agreement Contract No. 23-WC-20-6130

Subject: Power Letter of Agreement for the Replacement of CVP Electrical Power (Energy) and Fees Incurred for Conveyance of Non-Project Water – Water Years beginning 2021 through the expiry of any subsequent revision – San Luis Unit and Delta Division – Central Valley Project (CVP)

#### Dear Board Members:

This Power Letter of Agreement (PLOA) No. 23-WC-20-6130 between the Bureau of Reclamation (Reclamation) and Byron-Bethany Irrigation District (District) is entered into pursuant to subdivision (g) of Article 3 of the then current Warren Act Contract (Contract) No. 11-WC-20-0149 (Contract) entitled, "Long-Term Contract Providing for Exchange of Water Between the United States and Byron-Bethany Irrigation District — Delta Division and San Luis Unit." and any subsequent Contract added via revisions to this PLOA. Subdivision (g) of Article 3 states if electrical power is required to convey or pump the Non-Project Water into, through, or from Project Facilities, the District will, "prior to the introduction, conveyance, storage, and delivery of any Non-Project Water, enter into a letter of agreement with the United States that provides for the payment of all actual energy costs and fees incurred in the introduction, conveyance, storage, and delivery of the Non-Project Water."

The District is required to: either secure sufficient energy from an energy provider to cover all necessary energy to deliver the District's Non-Project Water through Federal and non-Federal facilities and provide proof of said energy purchase to Reclamation prior to any delivery, or replace the Market Rate value of the CVP Energy used to convey the Non-Project Water including any associated Balancing Authority uplift charges incurred from the California Independent System Operator (CAISO) and any other associated charges passed to Reclamation caused by the conveyance of Non-Project Water for the District.

**Background**: Pursuant to the Act of June 17, 1902, (32 Stat. 388), and acts amendatory thereof or supplementary thereto, including the Act of February 21, 1911, Section 14 of the Reclamation Project Act of August 4, 1939, (53 Stat. 1187), (36 Stat. 925), Section 305 of the Reclamation States Emergency Drought Relief Act of 1991, enacted March 5, 1992 (106 Stat. 59) and Title XXXIV of the Act of October 30, 1992 (106 Stat. 4706), Reclamation may enter into a Contract with the District for the conveyance of Non-Project Water.

Forecast: The District shall submit a schedule of projected Non-Project Water deliveries in accordance with subdivision (d) of Article 3 of the Contract. Reclamation will forecast the cost of energy to convey the Non-Project Water to District's existing turnouts based on District's current estimated schedule. No later than two months in advance prior to the introduction of Non-Project Water into Federal facilities full payment of the rates stated for the amount of Non-Project Water scheduled to be conveyed must be remitted. District will submit schedules of Non-Project Water delivery for subsequent years of the Contract using the forecast methodology described herein.

1. Forecast Efficiency Factors: Estimated energy use will be based on the pumping efficiency factors of the pumps moving the water. This amount can be based on an individual pump or cumulatively based on the use of several pumps dependent upon the Non-Project Water's point of origin and point of delivery. Reclamation will use the below listed estimated average megawatt hour per acre-foot (MWh/AF) efficiency factors established for any Non-Project Water delivery pursuant to this PLOA:

CA Aqueduct-DMC Intertie (DCI) 0.071 MWh/AF
Dos Amigos 0.138 MWh/AF
Banks 0.298 MWh/AF
Jones 0.238 MWh/AF
O'Neill 0.059 MWh/AF
San Luis 0.300 MWh/AF

- 2. <u>Forecasted Energy Price</u>: Reclamation will use an estimated \$50/(MWh) to forecast the cost of energy and associated costs.
- 3. <u>Forecast Calculation Methodology</u>: The sum of the Efficiencies of each plant utilized will be multiplied by the Energy Price and the Non-Project Water Amount being conveyed.
  - a. Example: (O'Neill + San Luis) \* Energy Price \* Non-Project Water Amount = (0.059 + 0.300) MWh/AF \* \$50/MWh \* 9,500 AF = \$170,525
- 4. <u>Forecast</u>: A forecast will be provided by Reclamation upon the Districts submission of a schedule.

**Deposit:** An account will be established for reimbursement of the direct power expense Reclamation incurs to purchase replacement market power and associated CAISO costs. Upon execution of this PLOA, District will receive a Down Payment invoice generated by Accounting Services to submit the initial five thousand dollars (\$5,000.00) deposit.

**Payments:** Payments to the Bureau of Reclamation for the Market Rate of CVP energy used to covey and/or store Non-Project Water are as follows:

- 1. An initial deposit of \$5,000.00, as described above (see **Deposit** article above).
- 2. Beginning with the initial conveyance schedule for this Non-Project Water, and each month thereafter, the Contractor will send payment based on the two months in advance of conveyed water <u>times</u> the Forecast Calculated cost per acre-foot. Email a recap

worksheet to bor-sha-cgb-rm1@usbr.gov. The transmittal email shall request that Accounting Services office (Yuki Darko) generate a Down Payment invoice in the Reclamation accounting system. This Down Payment invoice will be promptly sent to the contractor via email to be processed for payment of the two-month advance payment per the schedule as required per PLOA. Contractor shall submit recap, Reclamation Down Payment Invoice, and payment (check or wire) to the lockbox address indicated on the invoice.

**Account True-Up:** Each fiscal year Reclamation will true-up the account to reflect the calculated monthly average efficiency factors, the actual monthly usage of each pumping plant, the actual monthly average on-peak energy price, and related CAISO costs.

- 1. <u>True-Up Efficiency Factors</u>: Reclamation will use calculated monthly average efficiency factor(s) for any pumps utilized to deliver the Non-Project Water. Calculations will be based on measurements of energy consumed or generated and water pumped or released each month.
- 2. <u>True-Up Energy Price</u>: Reclamation will determine the energy price using Western Area Power Administration's (WAPA) monthly average on-peak energy purchase price.
- 3. <u>True-Up Calculation Methodology</u>: The sum of each months calculated value per facility utilized, as calculated below:
  - Facility True-Up Efficiency Factor (MWh/AF) \* True-Up Energy Price (\$/MWh) \* Non-Project Water conveyed by Facility (AF/month)
- 4. Balancing Authority and Transmission Costs: All other associated costs incurred by Reclamation, due to the scheduling of energy for the Non-Project Water conveyance, will be allocated to District and charged to the established reimbursable account. Because of settlement times within CAISO, these costs may not be available to Reclamation for up to 120 days following the water conveyance. Any unexpended fund balance remaining on deposit in the account at the termination of this PLOA will be refunded to District or transferred to any other LOA District may have. Conversely, any deficit will be collected from District.

In the event Non-Project Water is conveyed through Banks, the District shall be subject to all costs being passed to Reclamation associated with the delivery of Non-Project Water through any non-Federal facility (i.e., conveyance charges, water conveyance losses).

Generation Energy Credit: Credit will be given for the value of energy generated by Non-Project Water at both the San Luis and O'Neill Facilities each fiscal year, up to but not more than the value of energy consumed within the same fiscal year.

If the conveyance of Non-Project Water causes power generation at either the San Luis or O'Neill Facilities, WAPA receives the generated energy. Therefore, the District would owe the difference in value of "pump energy" consumed and "generation energy" returned to WAPA, plus the full amount of CAISO related costs associated with pumping.

**Term**: This PLOA will become effective on the date counter-signed below and shall remain in effect through February 28, 2030 or any subsequent extension thereto.

Please sign the enclosed PLOA documents and return one signed original, and a copy of the Board Resolution authorizing the appropriate official to execute this PLOA on behalf of the District to the following address:

Bureau of Reclamation SCCAO - Fresno Office Attention: Mr. Richard Reyes (SCC-447) 1243 N Street. Fresno, CA 93721

A \$5,000.00 initial deposit is to be made payable to the Bureau of Reclamation. Upon receipt of the executed PLOA, a Down Payment invoice will be created and sent to the District. Please remit your deposit and the invoice to the bank lockbox address that is imprinted on the invoice.

If you have any questions, please contact Mr. Richard Reyes at (559) 262-0352 or by electronic mail at <u>rereyes@usbr.gov</u>. Contact Mr. Wes Harrison, Central Valley Operations Office, at (916) 979-2448 or by electronic mail at <u>jharrison@usbr.gov</u>, if you have power-related questions.

# BYRON-BETHANY IRRIGATION DISTRICT STAFF REPORT

TO:

THE HONORABLE PRESIDENT AND MEMBERS OF THE BOARD

FROM:

EDWIN PATTISON, GENERAL MANAGER

DATE:

MAY 16, 2023

SUBJECT:

ON-CALL ENGINEERING SUPPORT SERVICES – AMENDMENT #5

#### RECOMMENDATION

It is recommended that the Board of Directors approve Amendment #5 for On-Call Engineering Support Services with Hazen and Sawyer (Hazen) in the amount of \$100,000.

#### DISCUSSION

Hazen is serving as the "District Engineer" providing a wide range of engineering services to the Byron-Bethany Irrigation District. Many of the engineering services are provided via a project task, such as improvements to Pump Station 2 or Pump Station 1A. In these cases, project costs are tracked by project tasks and are budgeted and tracked separately. Any developer reimbursement project, such as Prologis, Tracy Lakes, etc., are tracked by task and invoiced to the developer for the full cost of reimbursement.

On a day-to-day basis, Hazen also provides on-call engineering support services when dealing with a range of engineering issues that arise that require unique engineering expertise. Examples of day-to-day engineering issues include customer complaints regarding leaking pipelines (staff manages to the extent practical), easement issues, rate analyses (for example, the recent cost of service rate increases to the City of Tracy,

Mountain House, industrial accounts), recent flooding issues, mapping services, pump station and facility problems, SCADA/Telemetry issues, etc.

#### **BACKGROUND**

Hazen began providing on-call engineering support services in 2018. During the last fiveyears, the original on-call support services agreement has been amended four times to add sufficient budget to cover ongoing on-call engineering support services.

#### **FISCAL IMPACT**

Approval of Amendment #5 authorizes an additional \$100,000 of on-call engineering support services to be paid under the Engineering Support Services Fund currently budgeted in the 2023 budget for \$215,000. The year-to-date billing is \$101,822.

Re: On-Call Engineering Support Services - Task Order 001, Amendment #2

Dear Mr. Gilmore:

The Byron-Bethany Irrigation District has requested Hazen and Sawyer's (Hazen) continued on-call engineering services. The purpose of this letter and attachment is to provide Hazen authorization to amend the existing Task Order 001 for the ongoing on-call engineering support services as requested and directed by the District.

We propose increasing the existing Task Order 001 budget to allow Hazen to perform continued on-call engineering services in support of various projects for the District. This amendment for \$50,000 would increase the total Task Order 001 not-to-exceed budget from \$100,000 to \$150,000. Hazen's effort on this Task Order will be pursuant to the executed Master Services Agreement dated November 26, 2018. Hourly labor rates will be in accordance with the 2018 District rate schedule.

If acceptable, please sign both copies of Attachment A-1 and return one to us for our files. Please let us know if you have any questions and we will contact you directly.

# BYRON-BETHANY IRRIGATION DISTRICT STAFF REPORT

TO:

THE HONORABLE PRESIDENT AND MEMBERS OF THE BOARD

FROM:

**EDWIN PATTISON** 

DATE:

MAY 16, 2023

SUBJECT:

REVISED PERSONNEL POLICY

## RECOMMENDATION

It is recommended that the revised Personnel Policy be adopted as written and disseminated to all existing and new Byron Bethany Irrigation District to govern the treatment, rights, obligations, and relations of people in the organization.

## **DISCUSSION**

A Personnel Policy communicates the overall blueprint for how an organization runs to employees. It sets out the rules and procedures that protect workers and the organization from being abused. The policy contains specific instructions and rules for dealing with issues and overcoming obstacles that may present themselves both during normal working days and under extraordinary circumstances and defines relationships between administration/staff, expectations for hours worked, schedules, performance, ethics, and the overall running of the organization.

## **BACKGROUND**

BBID's Personnel Policy was last updated April 21, 2013. This revision is an update to the 2013 version with specific information updated to meet current state law and employment conditions as they exist at BBID in 2023. Given the rapidly changing landscape of labor

regulations and the need to effectively manage staff, a well-written current Personnel Policy will help define how BBID runs and avoid any potential conflict.

### **INTRODUCTORY STATEMENTS**

#### A. Welcome

Byron Bethany Irrigation District ("BBID" or "District") welcomes you as an employee! BBID has created this Employee Handbook to provide you with an overview of its policies, procedures, rules, and benefits, to familiarize you with BBID's operation, and provide guidelines for your employment. This Handbook does not attempt to cover all of BBID's policies, rules, and procedures because we recognize that changes will be needed from time to time as the District continues to grow and as laws, regulations, and business needs change. BBID may also have and/or develop in the future additional policies, rules, and procedures applicable to your specific job duties, which will be provided to you, if relevant.

This Handbook is not an employment contract. However, it is important for all employees to read, understand, and follow the provisions of this Handbook because compliance with BBID's policies, rules, and procedures is a term and condition of your employment. Please take the time to carefully read this Handbook, and keep a copy for your future reference, as it is a valuable resource for understanding your job and the District. If you are unclear about any of the statements contained in this Handbook, please direct any questions you have to BBID's General Manager or designated representative. At all times, BBID maintains the right to exercise discretion and flexibility in establishing and administering its policies, rules, procedures, and benefits.

This Handbook is the only operative handbook for BBID and supersedes all prior versions of any BBID handbook and any inconsistent policies. Since BBID cannot anticipate every situation or answer all questions about employment in this Handbook, it reserves the right to update this Handbook and/or revise, modify, delete, or add to any and all of its policies, procedures, rules, and/or benefits at any time, without prior notice. You will be notified of any applicable changes to this Handbook or to BBID's policies, rules, procedures, and/or benefits.

BBID intends that all policies, rules, and procedures contained in this Handbook be fully compliant with all applicable laws and regulations. To the extent any policy, rule or procedure contained in this Handbook may at some time become inconsistent with an applicable law or regulation, it will be adjusted and applied to be fully compliant.

## B. At-Will Employment

All employees of BBID, regardless of their classification or position, are employed on an at-will basis. This means that both you and BBID have the right to terminate your employment at any time, with or without cause, and with or without advance notice. Nothing contained in this Handbook or any other BBID policies, procedures, manuals, job descriptions, applications for employment or any other BBID document shall in any way create an express or implied contract of employment or an employment relationship on other than an at-will basis. Any

term or condition of your employment including promotion, demotion, transfer, hiring and discharge, compensation, benefits, qualifications, discipline, layoff or recall, rules, hours, schedules, work assignments, job location, available equipment, job duties, and other similar terms and conditions may be modified with or without notice and with or without cause at any time by BBID. This at-will employment policy can only be changed by a written document signed by the Board of Directors.

## **CHAPTER 1 – Recruiting & Hiring Policies**

#### **SECTION 1.1 – EMPLOYMENT ELIGIBILITY**

All employees are required to properly complete an Employment Application and Employment Eligibility Verification Form I-9, which is used to verify the identity and employment authorization of individuals hired for employment in the United States.

BBID recognizes the importance of maintaining a safe workplace with honest, trustworthy, qualified, reliable, and non-violent employees who do not present a risk of serious harm to their co-workers or others. Accordingly, BBID reserves the right to investigate an individual's prior employment history, personal references, and educational background, as well as any other relevant information that is reasonably available to the District. Additionally, BBID may conduct criminal history, credit history, medical examinations, and other background checks, as determined necessary in the District's sole discretion and in accordance with all applicable laws.

## **SECTION 1.2 – EQUAL EMPLOYMENT OPPORTUNITY**

BBID is an equal opportunity employer. BBID prohibits all employees and Board Members from discriminating against any applicant or employee with respect to hiring, assignments, performance evaluations, promotion, training, disciplinary action, termination, layoffs, compensation, benefits, working conditions, or any other terms or conditions of employment, based upon race, color, religion (including religious dress, clothing, grooming practices, hairstyles, etc.), sex, sexual orientation, gender (including gender identity, gender expression, and transgender status), marital status, registered domestic partner status, pregnancy (including childbirth, breastfeeding or related medical conditions), reproductive health decision-making, national origin, ancestry, physical or mental disability, medical condition, age, citizenship or immigration status, military or veteran status, genetic information/characteristics or any other basis protected by applicable Federal, State or Local law. BBID also prohibits unlawful discrimination based on the perception that anyone falls within any protected category, has, or is perceived as having any protected characteristic, or is associated with a person who has or is perceived as having any protected characteristic.

BBID is committed to this policy and its enforcement. All employees are responsible for maintaining a discrimination free work environment. If you believe a violation of this policy has occurred, please bring the violation to the immediate attention of the General Manager or designated representative. In the event the alleged violation is about the General Manager, please bring the violation to the immediate attention of the President of the Board of Directors. Suspected violations will be promptly investigated and handled. Any employee who violates this policy or retaliates against an employee for reporting a violation of this policy, may be subject to disciplinary action, up to and including termination.

#### **SECTION 1.3 – OPEN DOOR POLICY**

We are committed to open and honest communication in the workplace as we work toward achieving our goal to maintain a safe and healthy working environment and a successful operation for our employees. Accordingly, BBID constantly strives to improve its operations and its relations with employees. You are encouraged to openly discuss any concerns, issues, ideas and/or recommendations for improvement with BBID's General Manager or Board Members. Employees should feel free to raise concerns and make reports without fear of reprisal or retaliation.

## SECTION 1.4 - HARASSMENT, DISCRIMINATION, & RETALIATION POLICY

BBID is committed to providing a work environment free of harassment or discrimination and expects its employees to act in a professional and respectful manner at all times. BBID therefore strictly prohibits all forms of unlawful harassment and discrimination on the basis of race, color, religion (including religious dress, clothing, grooming practices, hairstyles, etc.), sex, sexual orientation, gender (including gender identity, gender expression, and transgender status), reproductive health decision-making, marital status, registered domestic partner status, pregnancy (including childbirth, breastfeeding or related medical conditions), national origin, ancestry, physical or mental disability, medical condition, age, citizenship or immigration status, military or veteran status, genetic information/characteristics or any other basis protected by applicable Federal, State or Local law. All such discrimination is unlawful and will not be tolerated. This policy prohibits unlawful harassment of or by any BBID employee, including supervisors and co-workers. It also extends to vendors, customers, independent contractors, and others doing business with BBID. Unlawful harassment in any form, including verbal, physical, and visual conduct, threats, demands, and retaliation is prohibited. Unlawful harassment and discrimination include any conduct which is inappropriate, offensive, harassing or otherwise creates a hostile work environment.

If you believe you have experienced or witnessed any kind of harassment or discrimination, you should immediately contact the General Manager or any other BBID supervisor with whom you are comfortable. BBID strictly prohibits retaliation against any employee who in good faith reports any incident of harassment or discrimination, makes a complaint of harassment or discrimination or participates in any investigation of a claim.

All harassment and discrimination complaints will be referred to the General Manager, the Board of Directors, and BBID Counsel as appropriate. All employees should report any incidents immediately so that complaints can be quickly and fairly resolved. Upon receipt of any complaint, BBID will immediately undertake a thorough and objective investigation of the allegations. BBID will keep the complaint and investigation confidential to the extent possible. If an employee has violated this policy, BBID will take remedial action appropriate for the

severity of the offense. This may include discipline of the employee, up to and including termination. BBID will also take action to deter any further harassment or discrimination.

BBID encourages all employees to use this policy to address all complaints of wrongful conduct and we are confident that BBID will be able to resolve all complaints in a prompt and reasonable manner. Employees may also lodge complaints with the California Civil Rights Department (CRD) and/or the U.S. Equal Employment Opportunity Commission (EEOC). You may contact the EEOC by calling 1 (800) 669-4000, by e-mail at <a href="info@eeoc.gov">info@eeoc.gov</a>, and through its website at <a href="www.eeoc.gov">www.eeoc.gov</a>. You may contact the CRD by calling 1 (800) 884-1684, by e-mail at <a href="contact.center@dfeh.ca.gov">contact.center@dfeh.ca.gov</a> and through its website at <a href="https://calcivilrights.ca.gov/">https://calcivilrights.ca.gov/</a>.

## **SECTION 1.5 - BULLYING**

The District is committed to providing all employees a healthy and safe work environment including the elimination of all forms of bullying. Bullying is unacceptable.

Bullying is unwelcome or unreasonable behavior that demeans, intimidates, or humiliates people either as individuals or as a group. Bullying behavior is often persistent and part of a pattern, but it can also occur as a single incident. It is usually carried out by an individual but can also be an aspect of group behavior.

This policy applies to all employees. It applies during normal working hours, at work related or sponsored functions, and while traveling on work related business. There will be no recriminations for anyone who in good faith alleges bullying. Any employee who feels he or she has been victimized by bullying is encouraged to report the matter to his or her supervisor, or to the General Manager. Where appropriate, an investigation will be undertaken and disciplinary measures will be taken as necessary.

## **CHAPTER 2 – Employment Administration**

## SECTION 2.1 - PAY PERIODS, PAY DAYS, AND METHODS OF PAYMENT

- **2.1.1 Workday and Workweek.** A workday is defined as a consecutive 24-hour period that begins at 12:00 AM each day. A workweek is defined as a fixed and regularly recurring period of 168 hours (seven 24-hour periods) that begins at 12:00 AM each Sunday. Calculations for overtime pay are based on these definitions.
- **2.1.2** Pay Periods and Pay Days. The District has established bi-weekly pay periods, with paydays on every other Friday, equaling twenty-six (26) paychecks annually. The District will establish and distribute time sheets and pay period due dates.
- **2.1.3** Automatic Payroll Deposit. The District has established automatic payroll deposit as a preferred method of payment. Employees may request a hard copy, paper check as an option to automatic payroll deposit.
- **2.1.4 Distribution, Pay Advances.** Direct deposit pay stubs will be sent to worksite supervisors or managers. Paychecks will be issued only to the employee named on the face of the check. Other arrangements require the employee's written pre-approval and the receiving party's signature at the time the check is issued.

BBID takes all reasonable steps to ensure that employees receive the correct amount of pay on each paycheck and that employees are paid properly on the scheduled payday. If you believe that an improper deduction has been made, or that there is any error on your paycheck, you are required to immediately notify the payroll department upon discovering the issue so the District can determine whether an adjustment or reimbursement needs to be made.

An employee may request a pay disbursement for vacation, overtime or regular hours for a period other than the regular bi-weekly paycheck time-period. Such request must be submitted in writing with sufficient advance notice as determined by the District to be reasonable. The General Manager may approve or deny any request or prohibit such practice at his/her sole discretion. Pay advances for time not worked or benefits not accrued is strictly prohibited.

**2.1.5** <u>Withholdings.</u> The District withholds applicable federal and state taxes, Social Security, Medicare, and other contractual obligations from paychecks, such as the CalPERS Public Employees' Retirement System. Optional withholdings may include, but not limited to, deductions for medical insurance coverage, deferred compensation, etc. Other withholdings may occur as a result of court orders and levies for alimony, child support, delinquent federal or State taxes, and other liens and attachments.

## **SECTION 2.2 - TIMEKEEPING AND REPORTING**

State and federal laws govern timekeeping and reporting. All Non-Exempt Employees (Hourly employees eligible for overtime pay; See Sections 3.2 E and F below) are required to accurately report the time they work. Non-Exempt Employees (Typically salaried employees not eligible for overtime; See Sections 3.2 E and F below) are required to accurately document when they begin work, the start of each meal period, the end of each meal period, and the time in which they have completed all work for the workday. Employees' time entries must accurately reflect any absences, late arrivals, and early departures. Non-Exempt Employees shall also document all time spent at required meetings and training if they are not already clocked in. Non-Exempt Employees may not work "off the clock" or perform any work-related duties whatsoever without documenting the time worked. Although Exempt Employees are generally not required to record hours worked, they are required to record full day absences and the reason for the absence (e.g., vacation, sick leave, etc.). All employees are expected to record time worked accurately and honestly. Willful falsification of time records may result in disciplinary action, up to and including termination.

## SECTION 2.3 – WORK SCHEDULES AND WORK HOURS

The District will, at its discretion, determine the time and place District employees must report to work. Alternative work schedules, which will enhance or improve District operations, will be considered on a work unit basis at management's discretion, and may vary based on the needs of the District. The General Manager must authorize all alternative work schedules in writing. Approved alternate work schedules are not guaranteed and may be changed seasonally or modified or eliminated at the sole discretion of the General Manager.

District employees typically work either the standard 8-hour, five-days per week, 40-hour work schedule. During irrigation season, Water Distribution Operators (Ditchtenders) must work a night shift to meet the irrigation needs of irrigated agriculture. The Operations and Maintenance Supervisor, and or his/her designee, will develop a work schedule to meet the mission critical of irrigation water delivery during irrigation season, typically commencing the month of March and ending the end of month October, although irrigation can begin sooner and end later depending on the water year type. The night shift schedule will begin prior to the end of the workday to ensure a transfer of information from the day shift to the night shift Water Distribution Operator. The Supervisor will develop a rotation list of Water Distribution Operators to serve the night shift and/or a Water Distribution Operator(s) may volunteer for such duty as the night shift operator lead.

A rotation Alternative work schedules may be considered on an as needed basis at the discretion of the General Manager to include 4/10 schedule, that is four, ten-hour days per week schedule, a 9/80 work schedule whereby employees work an additional hour per day in return for an every other week day off, such as a Friday or a Monday, or some other alternative work schedule that meets the District's needs.

The regular office hours shall be per the schedule approved by the General Manager. Individual employees may have their work schedule, lunch period schedule, and rest periods begin or end at different times upon approval of the General Manager.

### SECTION 2.4 – EMERGENCY DUTY STATUS OF ALL DISTRICT EMPLOYEES

All employees of the District, during the course of their employment, shall be expected to report to work during any emergency affecting operations of the District as determined by District management. The determination as to what constitutes an emergency or other circumstance requiring an employee to work after normal hours shall be determined solely by the General Manager or authorized supervisor. All employees are expected to comply with all such requests.

All employees are required to maintain and provide a working telephone number where they may be reached in the event of an emergency. This telephone number shall be listed in the District's personnel files and must be kept up to date.

#### SECTION 2.5 – MEAL AND REST PERIODS

It is BBID's policy that all non-exempt employees must take their legally required meal and rest breaks. Non-exempt employees must take one paid ten-minute break for every 4 hours worked or major fraction thereof at a time designated or scheduled by their supervisor. Ten-minute breaks may not be consolidated or accumulated with any other rest or meal breaks. During rest breaks, employees will not leave the job site and will promptly commence work at the end of the break.

Non-exempt employees who work more than 5 hours must take an unpaid 30-minute meal break that begins before the end of the fifth hour of work at a time designated or scheduled by their supervisor. Designated employees in certain work units may be assigned to take up to a one-hour unpaid lunch period at a time designated or scheduled by their supervisor. Non-exempt employees who work more than 10 hours must take a second unpaid 30-minute meal break that begins before the end of the tenth hour of work at a time designated or scheduled by their supervisor. Meal periods must be accurately recorded on an employee's time sheet.

An employee must be relieved of all duties during his or her meal and rest periods. If an employee misses a rest or meal break for any reason, or if that meal or rest break is interrupted with work, it is the responsibility of the employee to inform their supervisor to determine if additional wages are owed to the employee.

#### **SECTION 2.6 – OVERTIME**

BBID desires to hold overtime work to a minimum but recognizes that it may be required by the nature of its business. Overtime must be approved in advance by the employee's supervisor. An employee who works unauthorized overtime may be subject to disciplinary action. Overtime pay will be paid to non-exempt employees as required by applicable state and/or

federal law. For purposes of determining which hours constitute overtime, only actual hours worked in a given workday or workweek will be counted. Vacation, sick leave, disability leave, holidays, compensatory time off, administrative leave, bereavement leave and any non-compensated time off will not be counted as time worked.

**2.6.1** Cash or Compensatory Time Off. Employees not subject to Wage Order 14 shall have the option to receive overtime pay bi-weekly, or accumulate overtime in the form of Compensatory Time Off until the end of the fiscal year. No employee may accumulate more than eighty (80) hours of compensatory time unless the General Manager approves an exception that will not exceed one hundred and sixty (160) hours. All accumulated compensatory time will be cashed out at the end of each fiscal year with no exceptions.

## **SECTION 2.7 – ATTENDANCE AND PUNCTUALITY**

Due to the nature of BBID's business, regular attendance and punctuality are indispensable to the ability of each employee to perform the essential functions of each and every position within the District.

Each employee, regardless of classification, is important to BBID's overall success. When you are late or absent, someone else must do your job. Accordingly, you are expected to report to work on time at the scheduled start of each workday and to work until the end of your scheduled shift, except during meal and rest periods. Reporting to work on time means that you are ready to start work, not just arriving at work, at your scheduled starting time and that you are in appropriate work attire to perform your job duties. Late arrival, early departure, or other unanticipated and unapproved absences from scheduled hours are disruptive and must be avoided, except in the case of an emergency.

If you need to miss work, arrive late or leave early, you must contact your supervisor as far in advance as possible before the scheduled start of your workday and provide an appropriate reason or explanation, as well as the expected duration of any absence. BBID will comply with all applicable laws governing employee absences. It is the employee's responsibility to provide BBID with sufficient information to enable the District to determine which laws may apply to each absence. You must notify BBID of any changes to your leave status as soon as possible. For absences in which an employee claims to be sick for more than two (2) days, BBID may require documentation from the employee's health care provider to confirm the absence and to ensure that the employee may safely return to work.

If an employee who is not entitled to protected leave has submitted a request for personal time off which is not approved and the employee misses work anyway, the employee will be subject to disciplinary action, up to and including termination. If you fail to report to work for 3 consecutive scheduled workdays without properly notifying a supervisor or the General Manager, BBID will consider you to have voluntarily resigned from your job.

Absenteeism, tardiness, failing to comply with your obligations as stated herein if you need to miss work, arrive late or leave early, and/or failing to provide documentation as required by this Policy will lead to disciplinary action, up to and including termination.

## **SECTION 2.8 – PERSONNEL FILES**

BBID maintains personnel files and records for each employee, as well as separate files for medical information obtained from employees. All personnel files and records are confidential and access to the files is limited to only those designated employees who are specifically authorized to have access. BBID will not release any confidential employee information to any third party without obtaining the employee's written consent, unless compelled to do so by a valid court order, subpoena or other lawful process. Employees have the right to inspect and receive a copy of their personnel and wage records in accordance with applicable State and Federal laws. If you want to inspect or receive a copy of your personnel file or wage records, please notify the General Manager, or his/her designee. No employee is permitted to take or modify any document in his/her personnel file.

## SECTION 2.9 - CHANGES IN EMPLOYEE PERSONAL INFORMATION

Each employee must provide BBID with current information regarding his/her legal name, address, telephone numbers, emergency contact, marital status and dependents and dependents ages claimed for payroll purposes, driving record or status of driver's license if you are required to drive as part of your job duties, etc. BBID may request that this information be updated at least annually. You must notify the Human Resources/Payroll Department in writing of any changes to your personal information. It is your responsibility to make sure BBID is informed of any changes to any of this information.

## SECTION 2.10 - REFERENCE CHECKS/VERIFICATION OF EMPLOYMENT

All requests made from outside the District for reference checks or verification of employment concerning any current or former employee must be referred to the General Manager or designated representative. Information will be released only if the employee signs an Authorization for Release of Employment Information form. Without such authorization, the following limited information will be provided: dates of employment and salary or wages upon departure.

## SECTION 2.11 - EMPLOYMENT OF RELATIVES

The District's primary policy is to hire the best qualified person available for all vacancies. Hiring of qualified relatives of present employees will be allowed only under the following circumstances: (1) employees cannot supervise or be supervised by anyone to whom they are related and (2) employees cannot audit the work of a relative nor be audited by a relative.

Relatives are defined as immediate family members including: spouse or registered domestic partner, mother, father, mother-in-law, father-in-law, brother, sister, brother-in-law, sister-in-law, son, daughter or son-in-law, daughter-in-law. Relatives include those whose relationship is similar to that of persons related by blood or marriage.

Current employees who marry other current employees, or who become romantically involved with other current employees, will be allowed to continue employment but not in a supervisor/subordinate role or in the same division. For purposes of this provision, "romantically involved" will be interpreted broadly. The District reserves the right to take necessary and appropriate action to resolve any potential conflict of interest arising out of a familial relationship or the romantic involvement among employees. Depending on the facts of the situation, such action may include reassignment or termination of one or both of the employees involved.

## **SECTION 2.12 – LACTATION ACCOMODATION**

BBID provides lactating employees a reasonable amount of break time to accommodate an employee desiring to express breast milk for an infant child each time the employee has a need to express milk. The break time shall, if possible, run concurrently with any rest period already provided to the employee. Any break time provided to express breast milk that does not run concurrently with rest periods already provided to the employee shall be unpaid.

BBID will provide lactating employees with the use of a room or other suitable location for the employee to express milk in private, which is in close proximity to the employee's work area, shielded from view, and free from intrusion while the employee is expressing milk. Employees with private offices will be required to use their offices to express breast milk. Employees who work in the fields, away from the District Office may be provided with an alternate location to express milk, including an air-conditioned cab of a truck or tractor, in accordance with applicable law. BBID will also provide the employee with access to a sink with running water and a refrigerator or other cooling device suitable for storing milk.

Employees who desire lactation accommodations should notify the General Manager or designated representative, who will promptly provide a response to the employee's request confirming the designated location for the employee to express milk and the refrigerator or other cooling mechanism that will be made available for the employee. BBID will not discriminate or retaliate against any employee for requesting lactation accommodation. Employees who believe there has been a violation of this Policy shall immediately notify the General Manager or a Board Member so the District will have an opportunity to address the alleged violation. Employees also have the right to file a complaint with the California Labor Commissioner for a violation of this Policy.

## SECTION 2.13 - TRAINING AND EDUCATIONAL COURSES

The costs associated with employee training, educational courses, professional development, seminars or business meetings will be paid or reimbursed by the District **only** when the employee has obtained advance written approval. Requests for approval will be in the format prescribed by the District but should include registration forms or other written information regarding the activity. Approval will be based on a determination that the requested training enhances the employee's value and/or supports career development goals established between the employee and supervisor. The General Manager will determine the necessity for training courses and the appropriate funding sources.

The District will pay or reimburse employees for all necessary expenses incurred while attending approved training and educational courses described above. Payment of transportation costs will be in accordance with applicable District policies.

#### SECTION 2.14 – EMPLOYEES WHO DRIVE FOR DISTRICT BUSINESS

Employees who are required to drive a District Vehicle or their own vehicle on District business will be required to show proof of a current, valid driver's license. If using their own vehicle, they will also need to provide proof of current effective automobile insurance coverage or proof of insurability under BBID's policy. BBID will make every effort to have an appropriate motor pool vehicle available for employee use as this is the preferred method of transportation for District business. Employees who are required to drive their own vehicles on District business will be reimbursed at the standard mileage rate issued by the Internal Revenue Service in effect at the time the expense is incurred. Mileage reimbursement requests must be submitted to the General Manager, or designee, within sixty (60) of travel.

If an employee's driver's license is suspended or revoked, or if the employee's insurance policy terminates, the employee shall immediately notify BBID and the employee shall no longer be permitted to drive for District business. The District reserves the right to transfer, suspend or terminate an employee required to drive as part of his/her job duties if the employee's driver's license is suspended or revoked, if the employee fails to maintain personal automobile insurance coverage (when required), if the employee is uninsurable under the District's policy or if the employee's driving record is unacceptable to the District.

Only District employees are allowed to drive District vehicles. At all times while driving for BBID business, employees shall use the vehicle in a safe, effective and efficient manner and shall comply with all applicable federal, state and local laws, rules and regulations. Employees shall use the most direct and efficient route of travel when driving to any destination on BBID business. At no time shall any employee drive for BBID business if the employee is under the influence of drugs (including marijuana), alcohol, any controlled substance, or any medication (prescription or over the counter) that may impair the employee's ability to drive safely.

Employees shall not utilize cell phones while driving for BBID business, unless they do so safely and in compliance with the law, which requires the use of a blue tooth device or other handsfree mechanism. Employees must always be aware that use of a cell phone or other personal data device while driving is extremely dangerous and distracting, and impairs the employee's ability to devote his/her full attention to the duty of safely operating a vehicle. These rules also apply and prohibit employees from engaging in any other distracting activity while driving, including, but not limited to, texting, e-mailing, reading, writing, searching the internet, etc.

#### SECTION 2.15 – TRAVEL AND OTHER BUSINESS EXPENSES

From time to time, an employee may expend his/her own money for a BBID expense. In accordance with California law, BBID will reimburse employees for all necessary expenditures incurred as a direct consequence of discharging the employee's duties. All such expenditures must be authorized by the General Manager or designated representative prior to the expenditure being made. If an approved expenditure is made, the employee must submit a receipt for the expenditure to the District Office within 5 days of making the expenditure. BBID will reimburse the employee within thirty (30) days of receiving a receipt for an approved expenditure.

## **CHAPTER 3 – Categories of Employment**

## **SECTION 3.1 – INTRODUCTORY PERIOD**

All newly hired employees must serve an Introductory Period (Probationary Period) of one (1) year. Throughout the Introductory Period, BBID will closely review and evaluate your performance and competency by examining factors including, but not limited to, your ability to perform required tasks, work as a team and exhibit leadership skills, your skill set, attendance, attitude, and commitment. BBID will determine whether you meet the requirements of the position for which you have been hired, whether to continue your employment. If you are absent for more than twenty (20) workdays during your Introductory Period, the length of the absence will automatically extend the Introductory Period by the number of workdays missed. Employment is not guaranteed for the entire Introductory Period and may be terminated at any time, for any reason, with or without cause, and with or without prior notice or warning. Satisfactory completion of the Introductory Period does not entitle you to employment for any specific term or otherwise alter the at-will nature of your employment.

Employees who are rehired following a break in employment with the District of more than sixty (60) days, other than an approved leave of absence, must complete another Introductory Period of one (1) year and are considered new employees from the effective date of their reemployment for all purposes, including benefits, unless otherwise required by law.

## **SECTION 3.2 – EMPLOYEE CLASSIFICATIONS**

Each employee is classified based upon the number of hours the employee is regularly scheduled to work and whether the employee is exempt from overtime requirements pursuant to applicable Federal and State laws. An employee will not change his/her classification unless specifically informed of the change in writing by the District. An employee's classification does not guarantee employment for any specific length of time since all employees are hired for an indefinite and unspecified duration. All employees will be placed into one of the following classifications based upon the number of hours each employee is scheduled to work:

- A. Introductory Employee An employee who has not yet satisfactorily completed the Introductory Period.
- B. Regular Full-Time Employee An employee who is scheduled to work at least forty 40 hours per week on a regular and continuous basis. Regular Full-Time Employees may be classified as exempt or non-exempt.
- C. Regular Part-Time Employees An employee who is scheduled to work at least twenty (20) hours per week, but no more than thirty-five (35) hours per week on a regular and continuous basis. Part-time employees may, from time to time, be asked to work in excess of thirty-five (35) hours per week and doing so does not change the employee's

classification as a part-time employee. Part-Time Employees are classified as non-exempt and are compensated on an hourly basis. Regular, Part-Time Employees may be eligible for vacation, sick leave, retirement, and holiday benefits as described later in this Handbook.

D. Temporary, Seasonal or Extra-help Employees – An employee whose services are anticipated to be of limited duration of six (6) months or less and not exceed nine hundred and sixty (960) work hours during the fiscal year. Temporary Employees are not considered "Regular" employees regardless of the number of hours they are scheduled to work, the length of their employment or the number of seasons worked. Temporary Employees may be classified as exempt or non-exempt. Temporary Employees are not eligible for employee benefits, except those required by law or policy.

All employees will be classified as exempt or non-exempt according to the following definitions:

- E. Exempt Employees Employees who are paid a salary and whose positions qualify as exempt from overtime pay according to applicable Federal and State laws. An Exempt Employee is required to work the hours necessary to fulfill his/her job duties and responsibilities, without the payment of overtime in addition to the Exempt Employee's salary.
- F. Non-Exempt Employees Employees who are paid on an hourly basis for each hour of work performed and who are entitled to overtime pay according to applicable Federal and State laws.

If you are uncertain as to your status, please contact the General Manager or designated representative.

## SECTION 3.3 - MODIFICATION OF TERMS AND CONDITIONS OF EMPLOYMENT

BBID reserves the right, at any time, for any reason, with or without prior notice or cause, to modify any and all District Policies, procedures and rules as well as any employee's compensation, benefits, work schedule, position, job title, job duties and/or responsibilities, working conditions, production standards, work location, and any other terms and conditions of employment, in the District's sole and absolute discretion, unless otherwise prohibited by law. BBID will provide affected employees with written notice of any such modifications in advance of the effective date. BBID also reserves the right to ask employees to work on special projects or assignments. Employees are expected to cooperate with such requests. Any questions about this Policy may be discussed with the General Manager.

# **CHAPTER 4 – Compensation**

#### **SECTION 4.1 – SALARY UPON APPOINTMENT**

- **4.1.1** New Employees. All new employees are generally compensated at the entry rate of the salary range for the class in which the appointment is made. The General Manager may appoint an employee at any rate within the salary range if he/she determines that the employee's qualifications and experience so warrant.
- **4.1.2** <u>Re-employment of Temporary Employees.</u> The General Manager may authorize compensation at any rate within the salary range for persons re-employed for temporary service.

#### **SECTION 4.2 – STEP INCREASES**

Salary step increases within a range are neither automatic nor based solely upon continuity of service with the District. Salary step increases are to reward employees for acquiring and using the skills and experience needed to accomplish the District's work. Salary step increases occur upon the General Manager's approval. If an employee is not granted a step increase when eligible and is not satisfied with the supervisor's written explanation, the employee may request review of the decision to the General Manager for a final determination.

- 4.2.1 New Employees or Newly Promoted Employees. Upon the completion of the Introductory Period and following one (1) year of satisfactory employment as evidenced in writing by a performance appraisal, new or newly promoted employees will become eligible to advance to the next higher salary step. An employee initially hired or promoted above the entry level step will not advance to the next step until completion of one year of satisfactory service; the employee will, however, be appointed to regular status.
- **4.2.2** <u>Full-Time Employees.</u> A full-time employee is eligible for a step increase upon completion of one (1) year of continuous satisfactory employment at the employee's present step level. The employee's elevation to a higher step will be based upon the employee's annual evaluation.
- **4.2.3** <u>Temporary, Seasonal or Extra-help Employees.</u> Temporary, Seasonal or Extra-help employees will not be eligible for step increases within the salary range unless the General Manager approves such increase in compensation.

## SECTION 4.3 - SALARY OR WAGE UPON PROMOTION/DEMOTION

An employee promoted to a position in a class with a higher salary or wage range will be compensated at the entry step of the higher salary range, or at the step within the higher salary or wage range which would provide approximately a five percent (5%) increase in salary or wage.

An employee demoted voluntarily or involuntarily to a position in a class with a lower salary or wage range will have his/her salary reduced to any rate in the lower salary or wage range that does not constitute an increase in salary. The General Manager will determine the appropriate salary or wage rate.

## SECTION 4.4 - SALARY OR WAGE UPON POSITION RECLASSIFICATION

The General Manager will determine the salary or wage rate of an employee in a reclassified position as follows:

- 4.4.1 <u>Class with Same Salary or Wage Range</u>. If the position is reclassified to a class with the same salary or wage range as the previous class and the incumbent is appointed to the reclassified position, the salary rate of the employee shall not change. This provision also applies to a change of class title, provided the job duties are of similar value to the District.
- 4.4.2 <u>Class with Higher Salary or Wage Range</u>. If the position is reclassified to a class with a higher salary or wage range than the previous class and the incumbent is appointed to the reclassified position, the incumbent shall be compensated at the greater of the first step in the higher salary or wage range, or at the step within the higher salary or wage range which would provide approximately a five-percent (5%) increase in salary or wage.
- 4.4.3 <u>Class with Lower Salary or Wage Range</u>. If the position is reclassified to a class with a lower salary or wage range than the previous class and the incumbent is appointed to the reclassified position, the incumbent's salary or wage rate shall not change and be Y-rated. If his/her salary or wage is greater than the maximum rate of the lower salary range, his/her salary shall not change during continuous service until the new range exceeds the employee's Y-rated salary or wage.

### SECTION 4.5 – SALARY OR WAGE DURING ACTING ASSIGNMENT

The General Manager may determine at his/her sole discretion to temporarily fill a permanent position while an employee is on sick leave, vacation, suspension, or leave of absence, or a vacant position exists. When such assignments are for periods of 10 or more working days, the employee so assigned will be paid at the greater of step A in the new positions salary or wage range or 5% above their regular rate of pay during the acting assignment. Employees who perform duties of a higher class for less than 10 consecutive days will not receive additional compensation, but rather the assignment will be considered a career development opportunity.

When the employee returns to his/her normal duties, his/her pay shall revert back to the pay scale existing prior to working out-of-class.

#### **SECTION 4.6 - SPECIAL PAY**

D.

**4.6.1** <u>Longevity Pay.</u> Individuals employed with the District for an extended period of time are an extremely valuable asset. To acknowledge the value of these employees, the District will compensate these employees with additional pay as follows:

```
5 to 10 years $ 25.00 bi-weekly.

10 to 15 years $ 40.00 bi-weekly.

15 to 20 years $60.00 bi-weekly.

20 years & up $80.00 bi-weekly.
```

District shall pay for only the highest number of years of longevity by the above categories obtained and the amounts indicated above are not cumulative.

**4.6.2** <u>Certification Incentive Pay.</u> The District may at its sole discretion establish a Certification Incentive Pay program for those employees who obtain the following certifications. Unless modified by the Board, the proposed certification incentive pay will be based upon the following amounts and such compensation will be in addition to regular bi-weekly pay.

A.	Pesticide Qualified Applicator Certificate or license:	\$10.00 bi-weekly.
B.	California Water Distribution Operator Certification:	
	<ul> <li>Distribution Operator 1</li> </ul>	\$10.00 bi-weekly.
	<ul> <li>Distribution Operator 2</li> </ul>	\$25.00 bi-weekly.
	<ul> <li>Distribution Operator 3 or higher</li> </ul>	\$50.00 bi-weekly.
C.	CWEA Collection System Maintenance Certificate:	
	<ul> <li>Collection System Maintenance Grade 1</li> </ul>	\$10.00 bi-weekly.
	<ul> <li>Collection System Maintenance Grade 2</li> </ul>	\$25.00 bi-weekly.

• Collection System Maintenance Grade 3 or higher \$50.00 bi-weekly.

Any other Certificate or License that the General Manager and the Board agree provides direct benefit to the District: \$10.00 to \$50.00

and the Board agree provides direct benefit to the District: biweekly as determined by the General Manager.

District shall pay for only the highest certificate obtained and the amounts are not cumulative.

Upon an employee's attainment of an approved license or certification, the District will reimburse

Upon an employee's attainment of an approved license or certification, the District will reimburse employee for the reasonable cost of tuition, continuing education, and required course materials, provided the employee has requested reimbursement and received written District approval in advance of enrolling in the certification course. The Board may, at its discretion, adopt changes in the Certification Incentive Pay at any time.

**4.6.3** Night Shift Pay. During the water season, it is necessary for the District to schedule two shifts a day. The District will compensate, in addition to regular monthly pay, those employees

scheduled to work the night shift (5 p.m. to 3 a.m.) an additional one dollar (\$1.00) for each hour worked.

**4.6.4** Call Back Pay. An employee being called back to work after leaving the job for the day, shall be guaranteed a minimum of two (2) hours at the rate of pay for the specific job the employee has been called back to do. If the job results in an employee working in excess of 40 hours per week the time will be paid as overtime.

## CHAPTER 5 – Health Insurance & Benefits

## **SECTION 5.1 – OVERVIEW**

The District provides a comprehensive group of benefits, insurance, and retirement programs to its employees. Generally, benefitted employees are full-time employees in budgeted positions.

This summary is intended to give you a brief overview of benefits. Complete details of your health and welfare benefits are contained in each plan document. If there is a difference between the information contained in this Handbook and the individual plan documents, the plan documents will govern. Any questions relating to benefits and eligibility should be directed to the General Manager or designated representative.

Participation in any of the compensation or benefit plans or programs is not a guarantee of continued employment, nor is anything contained in this manual intended to guarantee that benefit or compensation plans and programs will remain unchanged in future years. The District reserves the right to amend or terminate benefits programs, including choice of carriers, terms of coverage, premiums and co-pays, at any time in accordance with applicable laws and regulations. Employees will be notified in advance of any changes affecting them.

## **SECTION 5.2 – GROUP INSURANCE**

- **5.2.1** <u>Health Insurance.</u> A District sponsored health plan is offered to all full-time regular employees, effective on the first (1st) of the month following appointment. Currently, the District pays the employee's portion of the premium and 50% of the health plan premium for covered employees' dependents. Enrollment in a health plan will be subject to the health care provider's rules and regulations.
- **5.2.2** <u>Dental Insurance.</u> A District sponsored dental plan is available for eligible employees. The District pays the premium for full-time regular employees effective on the first (1st) of the month following appointment. Employees may include eligible dependents and must pay the full premium for dependents. Enrollment in a dental plan will be subject to the dental care provider's rules and regulations.
- **5.2.3** <u>Vision Care.</u> A District sponsored vision care plan is provided for full-time regular employees and their eligible dependents effective on the first (1st) of the month following appointment. The premiums for employees and eligible dependents are paid by the District. Enrollment in a vision plan will be subject to the vision care provider's rules and regulations.

## SECTION 5.3 – COBRA CONTINUING HEALTH COVERAGE

Federal and state laws and regulations provide benefit-eligible employees who terminate employment or have a status change that results in the loss of group health benefits with the opportunity to continue certain group health benefits at full group premium costs plus a reasonable administrative fee, where applicable. Such continued coverage is generally available for 18 months depending on events. In some cases, benefit-eligible employees may be eligible to extend COBRA benefits longer. For more specific information on COBRA and California COBRA continuation coverage, refer to the health plan summary plan description or contact the General Manager or designated representative.

#### **SECTION 5.4 – RETIREMENT**

**5.4.1** <u>California Public Employees' Retirement System (CalPERS).</u> Regular full-time employees and regular part-time employees working half-time or more will become members of the California Public Employees' Retirement System (CalPERS).

Regular eligible employees with prior qualifying CalPERS service making them "Classic Members" shall be enrolled as members of the California Public Employment Retirement System and eligible for the "2.0% @ 60 Miscellaneous Retirement Benefit." Final compensation is calculated by utilizing the average pay rate of the employee's 3 highest consecutive years. All other employees shall be enrolled as "PEPRA Members" for the "2.0% at @ 62 Miscellaneous Retirement Benefit." Final compensation is calculated by utilizing the average pay rate of the employee's 3 highest consecutive years. Employees can contact CalPERS at 1-888-CAL-PERS or via its website at www.CalPERS.ca.gov for more information.

Both the District and participating employee are required to make contributions to CalPERS. Current PERS regulations require the employee to pay their own share, generally 7%.

CalPERS provides a variety of options related to purchase of service credits, military service, reciprocity with other California public retirement systems, and other features. Employees should contact CalPERS directly regarding their individual eligibility.

Only regular employees working a standard schedule of at least an average of 20 hours per week, or more than 125 days or 1,000 hours in a fiscal year are eligible to enroll in CalPERS (temporary employees are not eligible for CalPERS benefits, unless otherwise provided by contract between CalPERS and the District). Please contact CalPERS at 1-888-CAL-PERS or www.CalPERS.ca.gov for more information.

Retirement contributions shall continue for any employee on leave of absence with pay. Retirement contributions shall be suspended for any employee on leave of absence without pay.

- **5.4.2** Social Security/Medicare. This District participates in Social Security and Medicare. The District and employees make contributions for Social Security and Medicare. Detailed information about your benefits can be obtained from the Social Security Administration.
- **5.4.3** <u>Deferred Compensation Program 457 Plan.</u> The District also offers employees the opportunity to contribute to a Section 457 Deferred Compensation program. Details are available from the payroll department.

## **SECTION 5.5 - WORKERS COMPENSATION**

The District, in accordance with state law, provides insurance coverage for employees in case of work-related injury or illness. Workers Compensation provides weekly benefits for work-related injuries or illnesses. The program pays for lost wages after three (3) calendar days of a disability that prevents an employee from performing his or her job duties. Employees may use leave time during the waiting period or to make up the difference between Workers Compensation and an employee's regular base salary. Workers Compensation also pays for medical expenses related to these work-related disabilities.

To ensure that employees will receive the workers' compensation benefits, to which they may be entitled, including medical care, temporary disability benefits and rehabilitation, employees will need to:

- Immediately report any work-related injury to his/her supervisor;
- Seek medical treatment and follow-up care if required;
- Complete a written Employee's Claim Form and return it to the payroll department; and
- Provide the District with documentation from health care providers regarding the need for workers' compensation disability leave, as well medical certification of his/her eventual ability to return to work from the leave.

#### SECTION 5.6 – SHORT TERM DISABILITY (CaSDI)

All employees are required by state law to participate in the California State Disability Insurance Program (known as CaSDI). CaSDI is a partial wage-replacement program which provides weekly benefits for workers during a leave of absence for non-work-related disabilities. Employees are required by law to have a small percentage of their pay withheld for purposes of funding the mandatory benefit. Employees may use accumulated leave benefits to make up the difference between CaSDI and their regular base salary. This state sponsored insurance program requires that employees make direct application with the Employment Development Department (EDD) for benefits determination. For more information, contact EDD directly.

## **SECTION 5.7 – PAID FAMILY LEAVE**

All employees are eligible under state law to participate in Paid Family Leave (PFL). Senate Bill 1661 extends disability compensation to individuals who take time off work to care for a seriously ill child, spouse, parent, registered domestic partner, or to bond with a new minor child. PFL is a component of the CaSDI program and, thus, those workers covered by CaSDI are also covered for this benefit. The state sponsored insurance program requires that employees make direct application with EDD for benefits determination.

Employees who pay into CaSDI are required by law to have a small percentage of their pay withheld for purposes of funding the mandatory benefit. Benefit payments are approximately 55% of the employee's regular wages and may be used for a maximum of six weeks in a 12-month period. Employees may use leave balances to make up the difference between the benefit and the employee's regular pay. For more information, contact EDD directly.

## **SECTION 5.8 – LIFE INSURANCE**

Full-time regular employees are eligible for an employer paid life insurance benefit. The basic employee life insurance coverage is effective at the same time health insurance coverage is effective. Contact the payroll department for plan details.

### **SECTION 5.9 – UNIFORMS**

District uniforms are provided for field personnel designated by the General Manager while on duty. Employees shall not wear District uniforms while off duty. If employees are on personal business on the way to or from work, employees shall cover the uniform. The District will also provide one pair of Cal/OSHA approved steel-toed safety boots. For safety, the District provides uniform service for staff working in the field or in the shop. Uniform shirts and pants are required to be worn during work hours. Employees are responsible for the cost of replacement uniforms beyond normal wear and tear. Subject to change based on current circumstances, BBID will provide seven (7) shirts and seven (7) pants and will replace worn or damaged uniforms when the defective uniform is returned for uniform cleaning, subject to field staff being responsible for care, maintenance, and timely turning in uniforms for uniform cleaning services. BBID also provides an annual boot allowance and requires employees to purchase these items themselves.

# CHAPTER 6 – Leaves of Absence & Holidays

## **SECTION 6.1 – OVERVIEW**

The District recognizes the need of employees to be absent from their scheduled position for various reasons. Leaves of absence with pay and without pay have been developed to accommodate this needed time off. Requests for leaves of absence should be in writing, submitted to, and approved by the employee's supervisor at least 10 working days in advance. The General Manager reserves the right to limit vacation time off during certain times of the year, limit the number of employees taking vacation at the same time, and establish a system to resolve conflicts in scheduling vacations.

### **SECTION 6.2 – VACATION**

All full-time employees accumulate vacation based on the schedule below. Vacation hours accumulated during any particular year shall be held as time accrued, but will not be available to take as time off until the end of the year in which it accrued.

Years of Samiles	Vacation Hours Accrued	
Years of Service	Per Bi-weekly	Per Year
Date of hire thru 12 months	1.539 hours	40 hours
Beginning of the 13th month thru 59th month	3.077 hours	80 hours
Beginning of the 60th month thru the 179th month	4.616 hours	120 hours
Beginning of the 180th month and each year thereafter	6.154 hours	160 hours

Vacation time is important for a balanced work-life balance. As a result, the expectation is that annual accrued vacation is used each year. However, due to work priorities, vacation may carry over from one year to the next, subject to a 240-hours maximum.

Regular employees scheduled for 20 hours or more per week but less than 40 hours per week shall accumulate vacation on a prorated basis in accordance with the schedule above. For non-exempt employees, the minimum increment of vacation use is 15 minutes.

Employees are eligible to sell accrued vacation once per year subject to a forty (40) hour minimum balance. Pay for vacation leave shall be at the payroll rate currently paid the employee at the time the request for vacation payout is taken.

#### **SECTION 6.3 – HOLIDAYS**

District paid holidays for all regular full-time and regular part-time employees are as follows:

New Years Eve and New Year's Day
Martin Luther King's Birthday
President's Day
Memorial Day
Independence Day
Labor Day
Veteran's Day
Thanksgiving Day and Day after Thanksgiving
Christmas Eve and Christmas Day

For holidays falling on a Saturday the Friday before shall be recognized as the holiday. For holidays falling on a Sunday the Monday after shall be recognized as the holiday. When New Year's Eve or Christmas Eve falls on a Sunday, the Friday before shall be recognized as the holiday. When New Year's Day or Christmas Day falls on a Saturday the Thursday before shall be recognized as the holiday. For operations and maintenance employees, holidays falling during the irrigation season shall be taken after the irrigation season ends (October 31).

Each employee shall be entitled to holiday time off and/or compensation, if eligible, for each designated District holiday. Holiday time off for Regular full-time employees is for 8 hours regardless of the work schedule. Regular Part-time Employees shall receive Holiday Pay on a prorated basis based on their normal work schedule. If a District designated holiday falls within an employee's normal workweek and the employee is required to work, or if an employee is called back to work on a regularly scheduled holiday, the employee may schedule an alternative day off with pay.

Any employee on leave of absence without pay during a designated holiday date shall not receive compensation for said holiday. To be eligible for holiday pay, an employee must work or be on a pre-approved paid absence the working day preceding and the working day following the holiday on which the District Office is closed. The supervisor shall report to the payroll department any employee not eligible for holiday pay.

### **SECTION 6.4 – SICK LEAVE**

All employees who work 30 or more days annually in the state of California are eligible for paid sick leave. The amount of sick leave available to an employee depends on his or her job classification and the employee's regular work schedule.

- Full-time Regular Employees shall accrue sick leave at the rate of 1 eight (8) hour day per month (3.693 hours bi-weekly). At the end of each fiscal year (December 31), employees with accumulated sick leave balances over 288 hours will be compensated for all hours over 288 at 50% of regular pay.
- Regular Part-time Employees shall accrue Sick Leave on a prorated basis based on their normal work schedule.

• Temporary, Seasonal or Extra-help Employees shall accrue one hour of sick leave for every thirty (30) hours worked up to a maximum of 3 eight (8) hour days (24 hours).

Sick leave may be used to care for a health condition of or to seek preventative care for an employee or the employee's family member. For purposes of this policy, "family member" is defined as an employee's spouse, registered domestic partner, child, parent, grandparent, grandchild, or sibling, or the child or parent of the employee's spouse or registered domestic partner/partner in a civil union. "Family member" also includes a "designated person" which means a person identified by the employee at the time the employee requests paid sick days. Employees are limited to one designated person per 12-month period. An employee may also use sick leave to seek assistance for issues related to domestic violence, sexual assault or stalking. Sick leave may not be used for any purpose other than those outlined in this policy. Non-exempt employees may use sick leave in increments of 30 minutes. Exempt employees may, but are not required to, report use of sick leave for partial days (i.e., partial days off for reasons under this policy are paid and will not reduce exempt employees' sick leave balance). Instead, such employees may choose to report only full days of absence due to illness.

An employee who is unable to report to work due to illness, injury, or is required to quarantine due to infection must notify his or her supervisor at least one hour before his or her scheduled start time, if possible. The employee must also notify his or her supervisor on each additional day of absence. If an employee does not provide the appropriate notice, the employee may be subject to discipline. An employee who is absent for three or more consecutive days must provide a physician's note certifying the employee's illness and subsequent ability to return to work. If the employee has a foreseeable need for sick leave, the employee must provide reasonable advance notice to his or her supervisor.

#### **SECTION 6.5 – FAMILY & MEDICAL LEAVE**

Employees who have been employed with BBID at least 12 months and who have worked at least 1,250 hours in the previous 12 months, are eligible to take a family care and medical leave of absence under CFRA of up to 12 workweeks in a 12-month period (CFRA leave).

Eligible employees may take CFRA leave for any one of the following reasons:

- For the birth of a child, the placement of a child with the employee via adoption or foster care or the serious health condition of a child of the employee.
- To care for a child (including an adult child over 18 years of age), parent, grandparent, grandchild, sibling, spouse or domestic partner who has a serious health condition.

- For an employee's own serious health condition, except for leave taken for disability on account of pregnancy, childbirth or related medical conditions.
- In the case of a "qualified exigency" related to the covered active duty or call to covered active duty of an employee's spouse, domestic partner, child, or parent in the United States Armed Services.
- Any qualifying exigency arising out of the fact that a spouse, domestic
  partner, child or parent of the employee is a covered military member on
  active duty or has been notified of an impending call or order to active duty
  in the United States Armed Services.

The employee should give BBID reasonable advance notice of the leave where the need for the leave is foreseeable. If the CFRA leave is needed for a planned medical treatment or supervision, BBID and the employee will work together to schedule the treatment or supervision so as to avoid disruption to BBID operations, subject to the approval of the employee's health care provider.

The request for leave must be supported by a written certification from the employee's health care provider. Recertification may be required if additional leave is required.

Where the request for leave is to care for a child, parent, grandparent, grandchild, sibling, spouse or domestic partners who has a serious health condition, the certification must be issued by the health care provider of the individual requiring care and include all of the following:

- The date on which the serious health condition commenced.
- The probable duration of the condition.
- An estimate of the amount of time that the health care provider believes the employee need to care for the individual requiring care.
- A statement that the serious health condition warrants the participation of a family member to provide care.

Where the request for leave is for the employee's own serious health condition, the certification must be issued by the employee's health care provider and include all of the following:

- The date on which the serious health condition commenced.
- The probable duration of the condition.
- A statement that the employee is unable to perform the function of his/her position due to the serious health condition.

CFRA leave is unpaid. However, the employee must first use sick leave, vacation leave, and then any other accrued paid time off during the leave. Sick leave and vacation leave do not accrue while an employee is on unpaid CFRA leave. Eligibility for holiday pay shall only take place while the employee is still using sick leave and/or vacation leave and/or any other accrued leave. Employees are ineligible for holiday pay when on unpaid leave.

If the employee participates in BBID's group health plan, BBID will maintain coverage during the employee's CFRA leave on the same terms as if the employee had continued to work. BBID may recover premiums paid to maintain the employee's health coverage while on CFRA leave, if the employee does not return to work following his or her CFRA leave and the employee's failure to return is for a reason other than the continuation, recurrence, or onset of a serious health condition, or other circumstances beyond the control of the employee.

An employee is entitled, upon return from leave, to be reinstated to the position he or she held before the CFRA leave, or to be placed in a comparable position with comparable benefits, pay, and terms and conditions of employment. When an employee is ready to return to work after CFRA leave for the employee's own serious health condition, the employee must provide certification from the employee's health care provider that he or she is able to safely perform all of the essential functions of his or her position with or without reasonable accommodation. An employee taking CFRA leave is to retain his or her status and the CFRA leave will not constitute a break in service for purposes of longevity or seniority under any employee benefit program. An employee returning from leave shall have no less seniority than he or she had when the leave commenced for purposes of layoff, recall, promotion, job assignment, and seniority-related benefits such as vacation.

Employees with any further questions about their eligibility for Family & Medical Leave should contact their supervisor, the Human Resources/Payroll Department, or the General Manager.

## **SECTION 6.6 – BEREAVEMENT LEAVE**

At such time as there is a death in an employee's immediate family, an employee may take up to 3 days of Bereavement Leave. The General Manager is authorized to grant up to a maximum of 3 days Bereavement Leave with pay. The employee may use vacation and/or compensatory time off and/or administrative leave to extend their bereavement leave if approved by the General Manager. The employee must submit a request for Bereavement Leave in writing. The written request shall contain the following information:

- Name of deceased
- Relationship to employee
- Date of employee's return to work

All Bereavement Leaves must have prior approval of the General Manager. An employee is eligible for Bereavement Leave for abortion or miscarriage. Immediate family is defined as: spouse, common law spouse, registered domestic partner, child, parent, brother, sister, grandparents (including step- or in-law), mother-in-law, father-in-law, brother-in-law, sister-in-law, aunt, uncle, or any other family member physically living in the employee's home. Paid Bereavement leave of up to 3 days, if approved, is not to be charged against an employee's

accrued time off. Bereavement Leave may be used intermittently but must be used within three months of the death of the family member.

## SECTION 6.7 – <u>IURY DUTY & WITNESS SERVICE</u>

If you receive a summons for jury duty or a subpoena to serve as a witness, you must immediately notify your supervisor and provide a copy of the summons or subpoena to the payroll department. BBID will permit you to take the required time off of work to comply with your legal obligations. Employees who are required to be on "telephone stand-by" for jury duty or witness service are expected to report to work during the stand-by time and they will be excused from work if called to report. An employee who misses all or part of a workday will be required to provide written verification from the Court Clerk or Court Reporter confirming the employee's attendance at jury duty or witness service. If an employee is only required to serve jury duty or witness service for part of the employee's scheduled workday, he/she is expected to return to work for the remainder of the scheduled workday.

BBID employees will not be paid for time off to serve as a witness. Exempt and Non-Exempt employees who have completed their Introductory Periods will be paid their regular wages (less amounts received by the employee for jury duty pay) while serving on jury duty up to a maximum of 10 working days each calendar year. Employees may use vacation and/or compensatory time off and/or administrative leave for jury duty or to serve as a witness and retain any witness fees and/or jury duty pay.

#### **SECTION 6.8 – MILITARY LEAVE**

The District is committed to protecting the job rights of employees absent on military leave. In accordance with federal and state law, it is the District's policy that no employee or prospective employee will be subjected to any form of discrimination on the basis of that person's membership in or obligation to perform service for any of the Uniformed Services of the United States. Specifically, no person will be denied employment, reemployment, promotion, or other benefit of employment on the basis of such membership. Furthermore, no person will be subjected to retaliation or adverse employment action because such person has exercised his or her rights to take a leave of absence to accommodate service in the Armed Forces, Military Reserves or National Guard. The specific terms of the absence and of rights to reinstatement, seniority, benefits, and compensation after a military-related leave are governed by law. Requests for Military Leave must be submitted to the General Manager at the earliest possible opportunity and appropriate documentation provided.

## **SECTION 6.9 – VOLUNTEER CIVIL SERVICE LEAVE**

Employees who serve as volunteer firefighters, reserve peace officers, emergency rescue personnel or disaster medical response teams sponsored or requested by the State, may take

leave for up to 14 days per calendar year for the purpose of engaging in fire, law enforcement or emergency rescue training. Employees who need to take leave for any of the foregoing reasons shall provide the General Manager with a written statement from the head of the relevant agency verifying the time, date, and duration of the training. Leave pursuant to this Policy shall be unpaid except to the extent that an employee has accrued vacation, and/or compensatory time off, and/or administrative leave, which shall be charged for the duration of the leave. Exempt Employees will be paid their full salary for any workweek in which leave is taken if the employee performs work during that workweek. BBID will not retaliate or discriminate against you for requesting time off consistent with the law.

## **SECTION 6.10 – SCHOOL LEAVE**

An employee who is the parent or guardian of a child suspended from school or otherwise requested to participate in a parent-teacher conference is entitled to take time off to attend a portion of the school day in the child's classroom. Any employee who needs to take leave for this reason shall notify his/her supervisory and the General Manager as soon as possible after learning of the need to take leave. BBID may request documentation from the school to confirm the need for leave.

Leave for this purpose is unpaid unless the employee has accrued vacation time, and/or compensatory time off, and/or administrative leave, which will be charged for the duration of the time off. If more than 1 parent of a child is employed by BBID, leave shall only be granted to the first parent to request leave, unless leave for multiple parents is requested and approved by the General Manager.

## **SECTION 6.11 – VOTING LEAVE**

In accordance with California State law, if your scheduled work hours do not allow sufficient time off to vote in a Statewide election, BBID will permit you to take up to 2 hours of paid time off to vote. Paid time off to vote must be taken at the beginning or end of your shift, whichever will minimize the time off. If you believe you need paid time off to vote, you must notify your supervisor or the General Manager in writing at least 2 days before the election. When you return from voting, you must present the voters' receipt to your supervisor.

#### SECTION 6.12 – DOMESTIC VIOLENCE OR SEXUAL ASSAULT VICTIM LEAVE

The District will grant employees leave from work if they have been the victim of domestic violence or a sexual assault for the following reasons:

- To obtain any relief in court including, but not limited to, temporary restraining orders, restraining orders, or other injunctive relief, for the purpose of ensuring the health, safety, or welfare of the victim or his/ her child;
- To seek medical attention for injuries caused by the domestic violence or sexual assault;

- To obtain services from a domestic violence shelter, program or rape crisis center as a result of domestic violence or sexual assault;
- To obtain psychological counseling related to an experience of domestic violence or sexual assault; or
- To participate in safety planning and take other actions to increase safety from future domestic violence or sexual assault, including temporary or permanent relocation.

As a condition for taking time off for any of the above reasons, employees must provide the District with reasonable advance notice of the employee's intention to take time off, if feasible. Employees may use vacation, sick leave, administrative leave, or compensatory time off that is otherwise available to the employee prior to taking any leave under this section as unpaid leave.

# **SECTION 6.13 – VICTIMS OF CRIME LEAVE**

The District will grant employees leave from work if they, their spouse, child or stepchild, sibling or stepsibling, parent or stepparent, or domestic partner have been the victim of a violent or serious felony, theft or embezzlement, to attend any court or judicial proceedings related to that crime. As a condition for taking time off for any of the above reasons, employees must provide the District with reasonable advance notice of the employee's intention to take time off, if feasible. Employees may use vacation, sick leave, administrative leave, or compensatory time off that is otherwise available to the employee prior to taking any leave under this section as unpaid leave.

## SECTION 6.14 - PREGNANCY DISABILITY LEAVE & ACCOMMODATIONS

In accordance with California law, BBID will permit female employees to take unpaid leave for a maximum of 4 months if they become disabled by pregnancy, childbirth or related medical conditions, as determined by the relevant employee's health care provider. The actual number of hours of Pregnancy Disability Leave ("PDL") that an employee is entitled to take depends upon the number of hours the employee typically works in a workweek. PDL may be taken intermittently or pursuant to a reduced work schedule, as determined by the employee's health care provider. PDL may be taken in addition to leave for bonding purposes under the CFRA, if the employee is eligible for both PDL and leave under the CFRA.

PDL shall be unpaid except to the extent that an employee has accrued paid sick leave, and/or vacation leave, and/or administrative leave, and/or compensatory time off. An employee with accrued paid sick leave shall use her accrued time while on PDL, and she may elect to also use other accrued leave to receive compensation during the leave. Employees are encouraged to contact the EDD to determine if they are eligible for compensation during PDL from a State program (e.g., disability or paid family leave).

BBID will continue to provide the same level of health care benefits to eligible employees as if the employees were working and employees on protected leave will continue to accrue seniority, as required by law. Employees are required to timely pay their portion of the premiums and all deductibles for the health insurance coverage. If an employee does not return to work within 30 days of the end of the leave period (unless the employee cannot return to work because of a serious health condition or other circumstances beyond his/her control) the employee will be required to reimburse BBID for the cost of the premiums the District paid for maintaining coverage during the employee's unpaid PDL leave. All requests for and questions about PDL or accommodation shall be directed to the General Manager.

# CHAPTER 7 – Employee Conduct & Standards

## 7.1 CODE OF CONDUCT

The purpose of this section is to highlight key expectations of employees regarding their behavior and conduct for the mutual protection of both the BBID and employee. District employees must use common sense and reasonable judgment to guide their behavior. Further, District employees are to provide efficient and courteous service to the public. Since District policy is to give such service impartially to all, the District prohibits acceptance of gifts, money or other gratuities from any person or organization when it calls into question the employee's or District's impartiality.

The District is committed to creating a rewarding relationship with its employees, and desires a working environment that reflects the following behaviors:

- A. Act with integrity and honesty.
- B. Exhibit respect and fairness.
- C. Be courteous and professional in manner and appearance.
- D. Wear neat, clean, and tasteful clothing appropriate for the nature of District business and type of work performed.
- E. Create and maintain a sense of teamwork.
- F. Willingly give and receive performance and behavior feedback—both positive and critical.
- G. Immediately report to management any suspicious, unethical or illegal conduct by coworkers, customers, or suppliers.
- H. Maintain confidentiality and trade secrets or methods.
- I. Conduct yourself in a manner that maintains a safe, professional, and non-hostile work environment, free from harassment.
- J. Act in accordance with the District's best interests, thus contributing to the District's success.
- K. Cooperate with District investigations.
- L. Be punctual and regular in attendance.
- M. Attend scheduled employee meetings.
- N. Follow all policies, guidelines, and procedures established by the District.

## 7.2 PROHIBITED CONDUCT

The District prohibits and will not tolerate the following conduct. Such conduct will result in disciplinary action up to and including termination. This list of prohibited conduct is illustrative only. District policy may prohibit additional types of conduct injurious to security, personal safety, District employees, the public welfare or District operations.

- A. Violation of any federal, state or local law that directly affects the employee's fitness for employment.
- B. Using, possessing, dealing, distributing, or being under the influence of intoxicating beverages or unprescribed narcotic drugs while on duty, at work locations, when reporting to work or while operating District vehicles or equipment.
- C. Failure or refusal to comply with a lawful order or accept a reasonable and proper assignment from authorized District management.
- D. Inefficiency, incompetence, carelessness or negligence in performance of duties or inexcusable neglect of duty.
- E. Sexual harassment or other unlawful harassment of another employee.
- F. Chronic or excessive absenteeism (excused or unexcused) or inconsistent attendance or tardiness.
- G. Rude or discourteous treatment of other employees or the public.
- H. Dishonesty.
- I. Using the District position for financial gain; solicitation of work through District position for a private business or for a personal acquaintance.
- J. Insubordination and/or willful disobedience.
- K. Inattention to duty, tardiness, carelessness, or negligence in the care and handling of District property.
- L. Loss, misappropriation, or misuse of District funds.
- M. Improper or unauthorized use of District vehicles or equipment, misappropriation of supplies, theft, or willful abuse of District or private property.
- N. Furnishing false information to secure an appointment or falsification of time records or other records and reports.
- O. Absence from duty without authorized leave or failure to report after leave of absence has expired or been disapproved, revoked or canceled.
- P. Leaving the confines of the District boundaries during work hours without management's prior knowledge and permission.
- Q. Violation of the provisions of this Handbook or any other written policies or rules the District may prescribe.
- R. Acceptance by an employee of any bribe, gratuity, kickback, or other item of value when given in the hope or expectation of receiving preferential treatment.
- S. Outside work that creates a conflict of interest with District work or detracts from the efficiency of the employee in the effective performance of District functions.
- T. Failure to obtain or maintain the necessary qualification, certificate, or license (including a California driver's license) required as a condition of employment.
- U. Possession of an unsafe driving record for employees required to operate District vehicles or driving any District vehicle in a reckless or unsafe manner with willful or wanton disregard for the safety of person or property.
- V. Conduct that discredits the District or District personnel.

- W. Unlawful possession of any firearms or other weapons while on duty.
- X. Vandalism.
- Y. Fishing on or off duty along the State Water Project Intake Channel, Delta Mendota Canal, or in or near District canals, pump stations, and facilities.

## 7.3 OUTSIDE EMPLOYMENT & OFF-DUTY CONDUCT

Although BBID does not seek to interfere with the off-duty and personal conduct of its employees, certain types of off-duty conduct may interfere with the District's legitimate business interests. For this reason, employees are expected to conduct their personal affairs in a manner that does not adversely affect BBID's or their own integrity, reputation, or credibility. Illegal or immoral off-duty conduct by an employee that adversely affects the legitimate business interests of BBID or the employee's ability to perform their job will not be tolerated.

An employee may hold outside jobs and may engage in educational, recreational, social or athletic activity that is not part of the employee's work-related duties while off duty as long as he/she continues to satisfactorily meet BBID's performance standards, the employee's work schedule is not affected, and the outside employment or activity is not incompatible with the employee's position at BBID and does not create an actual or potential conflict of interest. All employees will be judged by the same performance standards and will be subject to BBID's scheduling demands, regardless of any outside employment or activities. An employee who holds outside employment must notify the General Manager. If BBID determines that an employee's outside work or other recreational, social or athletic activity interferes with the employee's job performance or the ability to satisfactorily meet the District's requirements, is incompatible with the employee's position, or creates an actual or potential conflict of interest, the employee may be asked to terminate the outside employment or activity if he/she wishes to remain employed with BBID.

Employees may not perform work for other employers or for their own personal business ventures, or engage in any outside activity, on District time. BBID shall not be responsible for any outside activity or work conducted by an employee while he/she is working for the other entity or working on the employee's own personal business venture, and BBID shall not provide workers' compensation coverage for such conduct.

## 7.4 CONFLICTS OF INTEREST & POLITICAL ACTIVITIES

Pursuant to the Political Reform Act (Government Code, § 81000, et seq.) BBID has adopted and maintains a Conflict-of-Interest Code. The District's Conflict-of-Interest Code is available in the General Manager's office, and designated employees shall be notified regarding their obligations under the code at time of hire, annually, and at termination as described in the Government Code.

The political activities of District employees are restricted by certain state and federal laws. Employees of the District shall obey all such applicable laws. Employees are specifically prohibited from engaging in political activities at any time while on duty, while wearing a District uniform, or while on District premises provided, however, that an employee may participate in public political meetings on District property. District employees may not use District funds or equipment for the purpose of providing support or opposition to a candidate or a ballot measure. District employees may not solicit political contributions from other District employees nor from persons on eligible lists for District jobs, except that they may solicit contributions from employees in connection with ballot issues affecting his or her wages, hours, and working conditions. Employees may make appeals to the public generally, even though this includes District employees. Nothing stated herein shall be construed as limiting any employee's right to vote, or freedom of reasonable expression or right of association, nor the exercise of any rights protected by the Constitution of the United States of America and the State of California.

#### 7.5 SOLICITATION AND DISTRIBUTION OF LITERATURE

To ensure efficient operation of the District's activities and prevent annoyance of employees, it is necessary to control solicitations and distributions of literature on District property.

- No employee shall solicit or promote support for any cause or organization during his/her working time or the working time of the employee(s) at whom such activities are directed.
- No employee shall distribute or circulate any written or printed material in work areas at any time, during his/her working time, or during the working time of the employee(s) at whom such activity is directed.
- Under no circumstances shall non-employees be permitted to solicit or distribute written material for any purpose on District property.
- Exceptions to this policy may be approved by the General Manager at his/her sole
  discretion when such solicitations and distributions are determined to be in the best
  interests of the District.

#### 7.6 USE AND INSPECTION OF DISTRICT PROPERTY

Employees are permitted to use BBID property and equipment including, but not limited to, supplies, credit cards, documents, physical and electronic files, furniture, telephones, cell phones, voicemail systems, computers, e-mail, laptops, tablets, computer software/hardware, computer servers, etc., for purposes of performing their job duties, provided such use complies with all District rules, Policies, procedures, the specific instructions and authorization granted by BBID and the law. Proper use of BBID property and equipment can make operations and communication more efficient, while improper use can put the District and its employees at risk. At all times, BBID retains ownership of its property and equipment.

BBID's property and equipment shall not be misused, used without authorization, used for any employee's personal use, or used by any non-employee. Employees may not copy or use any District property or equipment in any manner that may violate any District Policy, rule or procedure, in a manner that is discriminatory, harassing, abusive, obscene, illegal, or which is not in the best interest of BBID. Additionally, BBID property and equipment shall not be used for any reason other than performing assigned job duties without the express written consent of the General Manager. Use of BBID property and equipment for personal use or any other non-work-related purpose is strictly prohibited.

Employees must exercise reasonable care to prevent loss or damage to BBID property and equipment and employees shall notify their supervisor or the General Manager if any District property or equipment appears to be in need of cleaning, maintenance or repair, or if it has been damaged, lost or stolen. Accessing, using, removing, changing, deleting, erasing or otherwise damaging any BBID property, equipment or information without first obtaining specific authorization to do so from a supervisor or the General Manager is strictly prohibited. Any employee who loses, damages, steals or misuses any BBID property may be personally liable for the cost of replacing or repairing the property, in addition to appropriate disciplinary action.

Employees have <u>no expectation of privacy</u> with respect to any District property or equipment. The District reserves the right to search, inspect, review and monitor all District property, equipment, documents, physical and electronic files, telephone conversations, voicemail messages, e-mail messages, text messages, internet use, digital archives, etc. at any time, with or without notice and with or without any employee being present. BBID also has the right to question and inspect or search any employee or other individual entering or leaving any District premises in accordance with the law to enforce the terms of its Policies. Any employee who refuses to consent to any of the foregoing, who impedes BBID's efforts, or who otherwise violates this Policy will be subject to disciplinary action, up to and including termination.

## 7.7 INTERNET, E-MAIL, AND ELECTRONIC COMMUNICATIONS POLICY

The District believes that employee access to and use of the internet, email, and other electronic communications resources, benefits the District and makes it a more successful local public agency. However, the misuse of these resources has the potential to harm the District's short and long-term success. Employees should have no expectation of privacy in work-related emails or internet usage while using District computers.

Employees may only access, review and/or use the documents, programs and systems on the District's computers and other electronic devices in accordance with the specific authority granted by BBID and in compliance with the District's instructions. Employees are prohibited from installing, deleting, modifying or upgrading any computer software program or equipment without prior approval from the General Manager. Employees shall not use any BBID property or equipment in a manner that may interfere with the District's normal business operations or which may corrupt or slow down any of the District's systems. Employees are

prohibited from downloading any software or application or transferring data or programs onto the District's computer system without prior authorization from the General Manager. E-mail messages from unknown sources must not be opened. If you have a question about whether you should open a message, please contact your supervisor. Employees are also advised that e-mail and use of the internet may not be entirely secure. All employees shall take reasonable steps to safeguard BBID's confidential information.

Employees shall not place any passwords or other restrictions on any document, computer, software program or any other District property or equipment without prior authorization from the General Manager. Employees are also prohibited from accessing any other employee's email accounts, voicemails, log-ins or passwords without prior authorization from a supervisor or the General Manager.

Employees must recognize that although many forms of electronic communication, including text messages, emails and voicemail may seem informal, they create permanent records, which are binding and may be subject to disclosure under the California Public Records Act (CPRA) or admissible in court or administrative proceedings. Employees should keep in mind that even if they delete an e-mail, voicemail, text message or other communication, a copy may be archived and retrieved at a later date. All employees must be extremely cautious about what they say and write in performing their job duties and ensure that all communications comply with all District Policies and is reflective of BBID's morals and standards. BBID's e-mail and computer system must be used only for business purposes. Employees are prohibited from using social media during working time or through use of any District property or equipment. Employees may use social media on their own time and with their own electronic devices, including during meal and rest periods, in non-working areas. At no time shall any District e-mail be used to register on any social network, blog or other online tool for any employee's personal use.

Employees must respect and comply with laws governing trade secrets, confidential, and proprietary information and copyrights when using District computers and programs and when obtaining and disseminating information by any medium. Employees shall not copy or distribute any confidential or protected material, documents or information unless authorized to do so by the General Manager

## 7.8 <u>DISPUTE RESOLUTION</u>

Disputes interfere with productivity and the successful operation of BBID's business. In the event that you have a dispute with or have any concern or complaint about, any employee, customer, vendor, supplier or any other person while at work, including while on a rest or meal period, at any District function, and/or while conducting business-related activities off District premises, immediately notify a supervisor or the General Manager. Although your report need not take any particular form, generally, your report should include details of the incident, the names of the people involved and the names of any witnesses. You may make your report anonymously.

It is BBID's goal to resolve all issues in a prompt and amicable fashion, to the extent reasonably possible. If appropriate, BBID will ensure that a fair, impartial, timely, and thorough investigation of the complaint is conducted by qualified personnel, which will provide all parties with appropriate due process, and will reach a reasonable conclusion based on the evidence collected. All complaints will be documented and tracked to ensure reasonable progress and timely resolution. If BBID determines that unacceptable conduct has occurred, BBID will take effective corrective and/or disciplinary action appropriate for the severity of the offense, up to and including termination, and will take action to deter future instances of prohibited conduct. BBID will also take action to remedy loss to its employees resulting from the unacceptable conduct.

All information related to disputes and complaints shall remain confidential to the extent possible. BBID strictly prohibits retaliation against any employee who reports a dispute or complaint or who participates in any investigation. Retaliation means any adverse employment action taken against an employee for, or any action which may deter an employee from, making a complaint or participating in the investigation of a complaint. Retaliation will result in discipline, up to and including termination.

## 7.9 CONFIDENTIALITY

Individuals, who have access to confidential information or decisions and decision-making processes that concern any matter regarding employer-employee relations or pending legal matters and disclose that information, are subject to discipline up to and including termination.

## 7.10 BULLETIN BOARDS

The District will post materials on District bulletin boards including important information for employees, such as posters that explain state and federal law, employee rights and benefits, updates on District policies/procedures, notices of meetings, etc. Employees should check bulletin boards regularly and read posted materials. Employees may not post, remove or alter materials.

The District may, at its sole discretion, provide bulletin boards for use by employees for personal announcements and other information. The District reserves the exclusive right to monitor and determine whether materials posted are inappropriate, in which case the District will have the material removed.

# **CHAPTER 8 – Workplace Safety**

## SECTION 8.1 INJURY AND ILLNESS PREVENTION PROGRAM

The District has implemented an Injury and Illness Prevention Program (IIPP) and will make every effort to maintain working conditions which afford employees a reasonable degree of comfort, protect employees from injury or illness, and assure orderly and efficient performance of employee duties.

Employees are expected to work safely, observe safety regulations, report unsafe conditions and wear appropriate safety equipment. Field Personnel are required to wear Cal/OSHA approved steel-toed safety boots.

Any accident, of which an employee might become aware, no matter how slight, is to be reported immediately to a supervisor. A written accident report is to be filled out by the employee and his supervisor. Attendance of Field Personnel at safety meetings is required.

The IIPP is provided separately, however listed below is a list of Safety Programs that are included in the IIPP:

- A. District Policy Statement
- B. The Program
- C. The Safety Committee
- D. Code of Safe Practices

- Q. Code of Safe Practices Office
- R. Training Verification
- S. Accident Investigation
- T. Job Safety Analysis

## SECTION 8.2 - DRUG AND ALCOHOL-FREE WORKPLACE

8.2.1 <u>Drug and Alcohol Policy.</u> BBID is dedicated to providing employees with a workplace that is free of drugs and alcohol. The District discourages drug and alcohol abuse by its employees. The District has a vital interest in maintaining safe and efficient working conditions for its employees. Substance abuse is incompatible with health, safety, efficiency, and success at BBID. Employees who have any detectible amounts of drugs or alcohol while on the job compromise the District's interests, endanger the employee's own health and safety and the health and safety of others. Any identified usage of drugs or alcohol, of any detectible amount during working hours will be grounds for discipline, up to and including termination. The District has a zero-tolerance policy regarding drugs and alcohol.

Any employee found to use, sell, possess or distribute any illegal drugs under state, federal or local laws, or any unauthorized drugs (including excessive quantities of prescription or over-the-counter drugs) while on District premises, performing District-related duties or while operating any District vehicle or equipment, is subject to disciplinary action, up to and including termination of employment. Any suspected illegal drug confiscated will be turned over to the appropriate law enforcement agency.

8.2.2 – <u>Prohibited Substances.</u> Prohibited substances addressed by this policy include illegal drugs and alcohol. For purposes of this policy, a drug will be considered an "illegal drug" if its use is prohibited or restricted by law and an employee improperly uses or possesses the drug, regardless of whether such conduct constitutes an illegal act or whether the employee is or could be criminally prosecuted and/or convicted for the conduct. Although use of certain cannabinoids (marijuana) is lawful under California law, use and possession is still unlawful under federal law. Therefore, BBID considers such cannabinoids to be "illegal drugs" within the meaning of this policy.

Alcohol is defined as the intoxicating agent in beverage alcohol, ethyl alcohol, or other low molecular weight alcohol, including methyl and isopropyl alcohol.

**8.2.3** – <u>Prescription & Non-Prescription Substances.</u> Any employee who is using prescription or over-the-counter drugs that may impair the employee's ability to safely perform his or her job, or affect the safety or well-being of others, must notify a supervisor and/or the General Manager of such use immediately before starting or resuming work. Consistent with California law, BBID is not required to permit utilization of medical marijuana, even when prescribed by a physician.

If the District has a concern that an employee may not be fit for duty, the District may require the employee to undergo a fitness for duty exam with a health care provider of the District's choosing. The District shall pay for the cost of the exam and for the employee's time to take the exam. Violation of this policy will result in disciplinary action, up to and including termination.

- **8.2.4** <u>Prohibited Conduct.</u> The following rules and standards of conduct apply to all employees while on District property or during the workday (including meals and rest periods). The following are strictly prohibited by the District:
  - No employee will report to any work site or will work impaired by any illegal drugs or alcohol.
  - No employee at any work site will use or possess any quantity of any illegal drugs or alcohol, except as specifically authorized in this Policy.
  - No employee at any work site shall manufacture, dispense, distribute or sell any illegal drugs or alcohol.
  - No employee may perform or continue to perform security-sensitive or safety-sensitive functions if the employee is using illegal drugs or alcohol.
  - No employee shall consume alcohol for 8 hours following involvement in an accident or until he/she submits to the post-accident drug/alcohol test, whichever occurs first.

In order to enforce this policy, the District reserves the right to conduct searches of District property or employee's personal property and to implement other measures necessary to deter and detect abuse of this policy. Employees have **no expectation of privacy** in any District property or on District premises.

- **8.2.5** <u>Notification of Criminal Conviction.</u> All employees must, as a condition of employment, abide by the terms of this Policy and report any conviction for drug or alcohol use. Any employee's conviction on a charge of illegal sale or possession of any controlled substance while off District property will not be tolerated because such conduct, even though off duty, reflects adversely on the District. In addition, the District must keep people who sell or possess controlled substances off District premises in order to keep the controlled substances themselves off the premises. Any disciplinary action resulting from this policy will be addressed on a case-by-case basis depending on the severity.
- **8.2.6** <u>Drug Testing.</u> BBID's drug testing program includes: pre-employment or return to duty screening, reasonable suspicion testing, random testing for safety sensitive positions, and post-accident testing. Suspicion will be based on objective symptoms, such as factors related to the employee's appearance, behavior, and speech. A reasonable basis may also exist if an employee is found to be in possession of drugs, alcohol or paraphernalia connected with the use of drugs.

To ensure the accuracy and fairness of our testing program, all testing will be conducted according to Substance Abuse and Mental Health Services Administration (SAMHSA) guidelines where applicable and will include a screening test; a confirmation test; the opportunity for a split sample; review by a Medical Review Officer, including the opportunity

for employees who test positive to provide a legitimate medical explanation, such as a physician's prescription, for the positive result; and a documented chain of custody.

The testing will be conducted, without cost to the employee, while the employee is on District-paid time. The District will provide transportation to and from the testing facility. After the test, the District will place the employee on an immediate suspension from work until it receives the test results. An employee who tests positive may request a second test to be performed by a reliable drug testing agency at the employee's expense.

**8.2.7** – <u>Refusal to Submit.</u> Any employee who refuses to submit to a drug or alcohol test immediately when requested by a supervisor or law enforcement personnel will be treated in the same manner as an employee who has failed an alcohol or drug test, as defined in this policy. Attempts to alter or substitute the specimen provided will be deemed a refusal to take the drug test when required.

**8.2.8** – <u>Disciplinary Consequences.</u> An employee who violates the District's policy regarding Drugs and Alcohol is subject to termination.

## SECTION 8.3 – SMOKING, VAPING & CHEWING TOBACCO

BBID regulates smoking, vaping, and the use of chewing tobacco on District premises and in District vehicles and equipment for health and safety reasons and in accordance with California law. Smoking, vaping, and the use of chewing tobacco of any kind is prohibited inside District premises and inside District vehicles and equipment. All smoking, vaping, and chewing tobacco products must be properly and safely discarded in the appropriate receptacles and must not be discarded on the ground. This Policy applies to all smoking and vaping devices, including, but not limited to, the use of electronic smoking devices, such as electronic cigarettes, pipes, and hookahs. Employees who do not comply with this Policy will be subject to disciplinary action, up to and including termination.

## SECTION 8.4 - SECURITY/IDENTIFICATION BADGES

All, Regular Full-time, Regular Part-time, Extra-help, Seasonal and Temporary Employees, as well as contractors and consultants working on District projects may be required to complete security information and be issued a badge that is to be shown at all times and gives individuals specific access to certain parts of District facilities. Any such requirement shall be at the sole discretion of the General Manager. Failure to provide the required security information will result in termination of the employee, consultant, or contractor. If a security badge is lost or stolen it should be immediately reported to the General Manager or designee. Should an employee, contractor, or consultant lose an issued badge the District may charge them for the replacement in an amount determined by the District.

## **SECTION 8.5 VIOLENCE & WEAPONS**

Violence in the workplace is strictly prohibited. Workplace violence includes, but is not limited to, conduct or statements that cause an individual to reasonably fear for his/her personal safety or the safety of his/her family, friends and/or property so as to cause the employment conditions to be impacted and/or to create a threatening, hostile, abusive or intimidating work environment for one or more employees. Workplace violence may involve any threats or acts of violence involving an employee or BBID (in whole or part), which affect the business interests of the District, and/or which may lead to an incident of violence involving the District or any employee, regardless of whether the incident occurs on or off District premises, and regardless of the relationship between the District and the parties involved in the incident. This Policy applies to all employees, vendors, agents, volunteers, and visitors. Examples of workplace violence include but are not limited to:

- Threats or acts of violence, harm, fighting, danger, destruction, confrontation, aggression, or intimidation toward an individual and/or property.
- Surveillance, stalking (in person or virtually), monitoring and/or following a person and/or property without a legitimate non-violent purpose.
- Conduct resulting in conviction of a crime involving violent conduct or threats, or which otherwise adversely affects BBID's legitimate business interests.

Prohibited conduct may be physical or verbal and may be communicated by any means, including, but not limited to: physical contact, threatening or menacing gestures, verbal or written communication, electronic mail, text messages, social media, phone calls or any other form of communication. The District has zero tolerance for all forms of prohibited conduct and take all actual and threated misconduct seriously, event those allegedly made in jest or as a joke to the extent a reasonable person may find the conduct threatening, hostile, abusive or intimidating.

In order to ensure a safe environment, BBID also prohibits the unlawful possession, wearing, transportation, storage, or presence of weapons including, but not limited to, knives, pistols, rifles, handguns, firearms of any sort, stun guns, tasers, explosives, ammunition and/or any other dangerous object or weapon while at work, including while on rest and meal periods on District premises, at any District function, and/or while conducting business-related activities off District premises. Additionally, any employee that receives a protective or restraining order that lists District property as a protected area is required to provide the General Manager or designee with a copy of the order.

All employees shall immediately report any behavior that may violate this Policy to a supervisor, the General Manager or Board Member, including any incident or event which you reasonably believe may be threatening to you or any other person. Reports should include details of the incident, the names of the people involved, and the names of any witnesses. Reports may be made anonymously. In the event of an emergency, employees should

immediately call 911. All reports of conduct which may violate this Policy will promptly be investigated and will be kept confidential to the extent permitted by law, or as otherwise appropriate. BBID will determine whether the circumstances warrant the immediate removal of any person and/or property to ensure a safe working environment and whether to require any person to remain off of work while the investigation is pending. If BBID determines that there has been a violation of this Policy, the District will take appropriate disciplinary action, up to and including termination.

# CHAPTER 9 - Job Performance, Personal Progress, Discipline & Separation

#### **SECTION 9.1 – PERFORMANCE EVALUATIONS & ADVANCEMENT**

Decisions regarding each employee's professional advancement within BBID, responsibilities and compensation shall be based on factors such as merit, skills, training, education, experience, demonstrated ability, job performance, and aptitude for future improvement, as well as operational factors. Personal progress, compensation, and advancement within the District are not based merely upon the passage of time or length of service.

BBID regularly evaluates each employee's performance of his/her job duties to assess whether the employee is satisfactorily performing the required job duties and meeting the objectives of the position, the employee's knowledge of the tasks he/she is required to perform, the employee's dependability, attendance, quantity, and quality of work, adaptability and other relevant factors. The timing and frequency of each employee's evaluations is determined on and individual basis and depends on factors such as length of service, job position, past performance, changes in job duties, performance issues, etc. Additionally, BBID intends to conduct written performance evaluations for all employees on an annual basis. These formal and informal performance evaluations give BBID the opportunity to assess the employee's strengths and weaknesses, and determine whether promotions, wage adjustments and/or any other actions affecting employment are appropriate. If your performance evaluation is in writing, you will be provided with a copy of the written performance evaluation. You should carefully review any written evaluation you receive. A supervisor or the General Manager will discuss your written and unwritten performance evaluations with you and provide you with guidance regarding any suggested or required improvements. You are encouraged to discuss any questions that you may have. You will be asked to sign any written performance evaluation you receive. Signing the written evaluation does not mean you agree with everything, it simply confirms that you have received your written evaluation and have been given the opportunity to discuss the content with the District. Favorable performance evaluations do not guarantee an increase in compensation. Unfavorable evaluations require improvement, and the failure to improve will lead to disciplinary action, up to and including termination.

## SECTION 9.2 - CORRECTIVE ACTION & DISCIPLINE

A high level of job performance is expected of each and every employee. In the event that an employee's job performance does not meet the standards established for the position, employees should seek assistance from their supervisor to attain an acceptable level of performance. If employees fail to respond to or fail to make positive efforts toward improvement, corrective action may ensue, including termination of employment.

It is the policy of BBID to regard discipline as an instrument for developing total job performance rather than as punishment. Corrective action is one tool the District may select to enhance job performance. BBID is not required to take any disciplinary action before making an adverse employment decision, including discharge. Corrective action may be in the form of a written or oral reprimand, notice(s) of inadequate job performance, suspension, discharge or in any combination of the above, if the Authority so elects. BBID reserves its right to determine the appropriate manner and form of discipline, at its sole discretion.

If employees violate established District procedures, policies, or guidelines or exhibit behavior that violates commonly accepted standards of honesty and integrity or fails to meet performance standards or otherwise engages in unacceptable conduct, BBID, at its sole discretion may elect to administer disciplinary action. Such disciplinary action may, but will not necessarily follow these steps:

- A. **Verbal Counseling** Communication to the employee in a non-disciplinary fashion that the District perceives a problem and is available to help solve it. The employee has no right to appeal from verbal counseling.
- B. **Verbal Reprimand** Communication to the employee that a repeat action may result in more serious discipline. The employee has no right to appeal from a verbal reprimand.
- C. Written Reprimand Written communication to the employee that he/she committed the same or related offense. A written reprimand should specify the conduct at issue; the date and time of the event(s); what rule, policy, standard, or agreement provision the employee violated; and what the employee must do to improve. The District shall give a copy of this warning to the employee and file a copy in the employee's personnel file.
- D. Suspension Removal of an employee from his/her duties for up to thirty (30) days without pay for misconduct. The General Manager or his/her designee may suspend employees on the spot when there is a clear threat to employee or public safety. The General Manager should be consulted prior to instituting an on-the-spot suspension if practical.
- E. **Demotion** Reduction in pay step and/or class.
- F. Dismissal The final step in the disciplinary process is termination of District employment.

BBID always maintains the right to determine what disciplinary action is appropriate based on the facts of each case. Exceptions and deviations from discipline procedures may occur whenever the General Manager determines it necessary. For example, some circumstances may warrant immediate termination without warning or suspension. Under no circumstances does this policy alter the at-will nature of your employment with BBID, nor require that employment may be terminated only for cause.

#### **SECTION 9.3 – SEPARATION FROM EMPLOYMENT**

An employee may separate from employment with the District for a number of reasons and circumstances. Employees that wish to resign are requested to provide a minimum of 2 weeks' written notice of their intent to resign, though it is not required. An employee's notice of

resignation to voluntarily terminate employment with the District should be submitted to his/her supervisor or the General Manager. An exit interview may be requested. In no way does this policy alter the "at-will" employment status of each employee.

If an employee fails to report to work for three (3) scheduled workdays without notice to, and approval by their supervisor or the General Manager, the employee shall be deemed to have voluntarily terminated or abandoned his/her employment with the District as of the end of the third missed day.

At the time that an employee's employment ends for any reason, the employee will be provided with the notice of termination required by applicable law and other separation documents issued by BBID. BBID will also issue a final paycheck for all wages earned through the last day of employment and any accrued vacation in accordance with the timeframes mandated by applicable law. When an employee leaves the employment of the District, the employee shall immediately return all District-owned property, including but not limited to keys, credit cards, vehicles, etc. Employees will be responsible for any lost or damaged items. Upon separation of employment, employees are to remove their personal possessions from the District premises. Failure to do so will result in the District collecting such personal property and delivering it to the employee's last known address, if practical, or disposing of such property if not collected within ten (10) days after termination.
